Re: everything is happening because of him

No, they wanted females to do him, but thankfully females were not able too.

The masters wanted it to happen, and wanted to analyse how a female could do it. They wanted to measure and analyse how a female could do it, but none did.

But no female did.

Tel aviv will be laughing at usa, russia, and china if they get there way of destroying all three of your countries, while they replace you, in there nwo fantasy of dominating the world.

Isn't he the only one they desire to do away with?

I mean, as you are saying, if he hands himself to the demons then they will leave you alone, is that it?

But, they seem only to want him gone, so if they can't do him in, then do we call a galactic cab for him and he could wave cheerio as he Saunders off with some astronauts peeps?
