Goodnight OP.

These women are charming.

You should be more like them.

They're braindead Americans.

You have to put giant emoticons signalling if you are "being sarcastic" or not. Have you seen them telling each other when they are "being sarcastic"?

I actually find the music haunting. It's got an awesome ghostly swing tempo. The dancing is also lush, with the way they go from slow to fast. I watched other versions of the song, and this was by far the best. Drakko posted it first.

The checkerboard is a reference to the duality game. 7 rings, the 7-fold prison Humanity/Yalta is encased in. The doors at the back are exits, I guess.

I suspect all that is lost on OP and her new White knight.

Would we, the human race, be here at all - if women were as pickie as they are today - back in the stone age?

Starvation was quite a motivator for women, back then.

Very interesting how they've maneuvered guys, over 3 to 5 decades, into a position where they are expendable economic engines serving the ruling caste.

And most guys have, due to raw thirst, gone along with it.

Not blaming either side here, just trying to witness unbiasedly.
