What are the Terms of Service for Your Private Universe?

What are your axioms?

What do you permit, and not permit?

What are the penalties for those that break the rules?

Who do you permit to enter, and who is not banned?

More later...

Quoting: **Anonymous Coward 75144248**

You are correct that Law needs to be clean, coherent, logical and fair.

A clear and transparent accountability mechanism has also been missing. We need a streamlined, fair process.

More than happy to post decrees, have them unchallenged, and let silent consent take care of the rest.

Quantum consumption. Seems interesting. The flow of energy needs to be cleaned and reversed. Im not content to be free food for people that do not respect this oasis.

Anyway...

Im sure the process will be stabilized within a few days.

Any advice is most welcome!

What are the Terms of Service for Your Private Universe?

Attention, AC 84051574, you are an unwelcome intruder in a Private Universe.

We hereby call you, and your entire network, family, soul group, and 100,000 closest collaborators, to answer the following sworn statements and charges.

Can you swear against the following sworn statements? Can you rebut and refute them in full?

Please rebut and refute all the statements under penalty of perjury, within 24 hours, or be annihilated/removed from this simulation.

Failure to rebut the statements means you agree they are 100% True in Law.

You may contest the sworn statements in the comments section of <https://godlikemidnight.vercel.app>

or here, on this thread.

No further warnings will be given.

You stand accused, before all of Creation, of the following charges:

You have knowingly taken part in either ritual sacrifice, pedophilia (intercourse with a child under 16-18 years of age), energy theft, or pre-meditated treachery, murder and betrayal.

~Can you swear under penalty of perjury, you have never taken part in any of the above activities?~

If you cannot rebut and refute these charges within 24 hours, you fully agree to be spiritually annihilated over the next 3 days, and return ALL your stolen energies to the person and people you stole them from.

~There is no evidence this is not happening now~

We call All of Creation to Witness and Enforce this law....

If you do not rebut and refute ALL those statements within 1 day, your silence will be taken as full consent to My Sworn Statement.

I, Daozen, swear under Penalty of Perjury, with Full Commercial Liability, the above sworn text is true, to the best of my knowledge,

Signed and Sworn

I could care less what people do, 97% of the time.

There's also a side issue... if you're in someone else's Private Reality, using their energy... are you helping improve the place, or making it worse? If you're making it worse, or just a cocky freeloader, will you be welcome forever?

It's one thing to write a decree.

It's another to enforce it.

In My Personal Universe, I reckon about 50% of my decrees get enacted. The other 50% of the time, people laugh in my face. ha.

50% is not bad, I guess, but I need to do better.

Hahaha.

No offence taken. That made me laugh.

I'm stuck here too, to a certain extent.

This SIM is full of ungrateful Predator-Squatters.

Getting them out is a hassle.

This is not base-reality. Base reality is Outside the SIM. Some say the movie Ready Player One depicts one of the major realities outside this SIM.

We may be many layers deep in a simulation.

Step one to getting out is to have a calm body and mind. High chlorophyll foods and a clean diet helped me a lot. So did exercise, meditation and drinking lots of water.

You, also have to ask intelligent, focused, light-hearted questions to the people around you. They (95%) of them, will give you The Next Clue. It's like Westworld or The Truman Show.

You also have to write up Your Law.

It's not easy. Im am going through the process now.

It's a rainy night. Im learning Chinese and tidying the house.

I can answer questions if you wish.
