Why do you think?

It really backfired on them.

They decided to mock one person many years ago and now it turned into this.

They can't control it.

I am surprised any real person would even post at a site who censors. Easiest way to spot a dirty site is observe what they censor.

Wait till you hear how they treated the female as compared to the male, how they tried to wake her up.

As one person said last year, it was like cutting her left arm off. Very cruel what they did. Psychologically cruel. They're lucky she is who she is, or they would be dead by now.
