Was Heimdall one of the ones who took the deal around 2011/2012?

Definitely seems like it.

Quoting: **Anonymous Coward 84257050**

The deal was to not attempt to free the EArth, and take a position in the ruling class hierarchy as a reward.

I don't mean be a bloodliner.

I just mean, the offer was to join EArth management, in return for material gifts, and entrance to rarely seen places.

I'm not sure on the details, but I heard that 90% took the offer.

I saw it happen in my own life.

They call it the Mr Slugworth deal.

Let's see Heimdall says that Earth is being manipulated by Sin Allah, a prince of Sirius who now rules Earth in partnership with Loki Abraxas from Orion, who is serving as his money man.

And anytime Heimdall talks bad about Daozen's masters, Daozen gets pissy and upset. Claiming that Satan and the Devil are good guys, and not to blame them.

It's not Heimdall working for the bad guys, its Daozen.

Guess Daozen's masters are upset with what is being said, now the dooze-snooze has to play clean up.

As ever... will you sign off your comments under penalty of perjury?

Nope

That's a no, right?

Like the last 10 times I asked you.

It's a no because you know you're not telling the full truth.

The crowd will now watch as Heimdall does his Perjury Dance.

And makes every excuse under the Sun not to sign.

Dance, Heimdall. Dance for the Heavens and Caverns!

Why would I take a demotion? The ones running things here are below me, I want nothing to do with them.

Why do you say this when nothing I say proves this to be true.

If some crazy homeless came to you with some random contract and told you to sign it or you would be exterminated by high forces, would you sign it, or would you laugh at him right in his face and walk away?

No doubt EArth is being manipulated by him...

No doubt he has a lot of influence.

But his power is waning. He's actually healing. Very slowly.

He does not rule this EArth, Solar System, or Universe.

He's paying you to make people feel fatalistic, and hold dominant frame for him

Like I said. I still respect you. You know a LOT. I just find the lies irritating.

The most respectful thing I can do to you, is call you out, until you break your chains and come do something USEFUL, instead of BSing for two people I can't even name. As the thread will get trashed if I name them.

I don't work for anyone, although many have tried to influence me.

The Abraxas Family has many wings, with many different points of view. You don't seem to acknowledge that. Many people have told me the names from Jupiter Ascending are straight out of real life.

So why do you cast Abraxas as a single character? It's wrong at worst, deceptive at best.

Kalique = Kalki.

Balem/Yahweh/Bleem/Blim-Blim is the one who's caused all the problems these last 2000 years.

Honestly, I seriously want you to get out of the situation you are in.

Stop telling lies, and we'll get on just fine.

The Abraxas Family has many wings, with many different points of view. You don't seem to acknowledge that. Many people have told me the names from Jupiter Ascending are straight out of real life.

So why do you cast Abraxas as a single character? It's wrong at worst, deceptive at best.

So you admit that you know absolutely jack about the Abraxas family and everything you think you know has been hearsay from people that likely work for them.

And you expect to have the proper story?

You know why I talk about Abraxas himself and not the younglings at the bottom of his empire?

Because I'm not like you standing at the bottom of the tree, looking up hoping an apple falls down for you eat, while hoping a bird doesn't crap on your face while you wait for you apple from the ground.

I existed before Abraxas ever began building his empire, I watched him start the Orion Wars and tear my mothers Heaven to pieces.

I have been to the top of the tree, I know who knocks the apples down, and I know who craps on your face.

You crack me up.

You don't even know who Abraxas is, because all you do is catch crap falling down on you.

So, if we look at this universe, we can logically infer there are some really good people out there, and some really bad people, and everything in between.

House Abraxas reflects this. Bleem is probably the worst, ut there may be others even more evil.

~O~

I too have a soul memory of the Orion Wars.

So who do you think runs The Abraxas Empire?

Where are you placing Seraphi Abraxas?

I get SOME of my info from Jupiter Ascending. I have had those Balem/Titus/Kalique names confirmed from people who have permission to go to underground cities. Three people who have helped me since 2009, 2019 and 2021 respectively.

I am not trying to walk around showing Im a big shot.

Just figure out my place in this.

Im absolutely sure that someone, who may have taken an Abraxas name, started the Orion Wars, and also started the Orion harvesting industry. I call that entity Yahweh, though he may go under more ancient names.

100 Orion Men per bottle. You said that yourself.

He also knew it was 100 people per bottle. He told me himself, in Summer 2021, that he was "worried about running out of supply."

I have never confirmed that Seraphi Abraxas even exists, you seem to forget I have only ever talked about 2 members of the Abraxas family, only two, no more.

And I never said the 100 per bottle, once again you put words in my mouth.

Did you incarnate with your memories intact or was their some process involved?

Quoting: **Anonymous Coward 78295236**

Zero memories.

All I remember, before I was born, was promising myself to "be really good this time."

I was activated around 2008, and stumbled around asking questions for 14 years.

People sometimes claim I get my info from movies. That is part of it.

I have actually had hundreds of hours of contact with insiders on the ground here in Taipei, Indonesia,

and all over SE Asia.

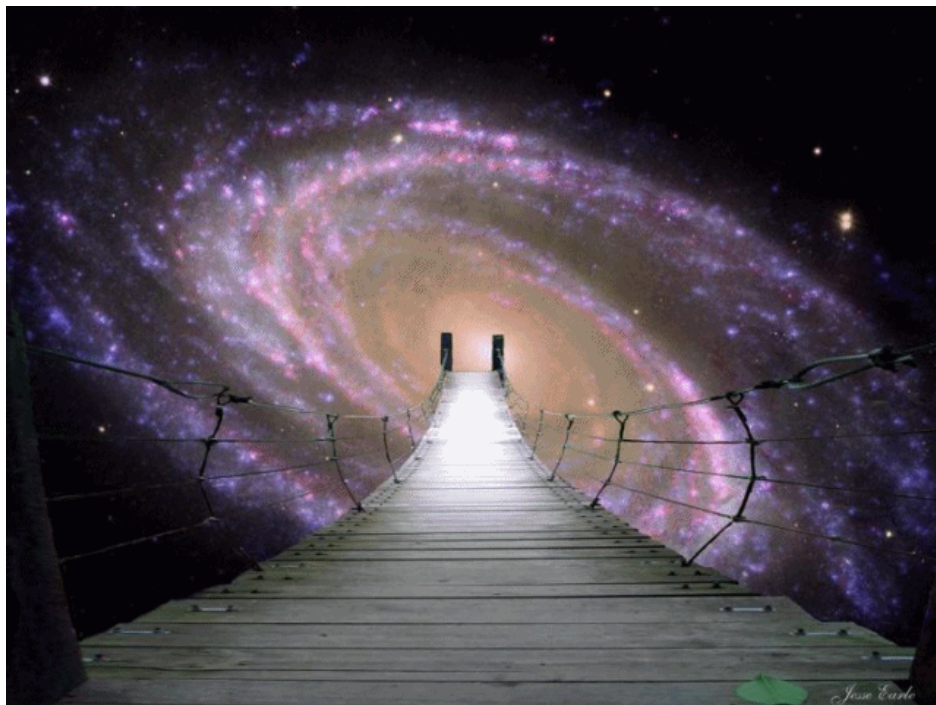

Many of them are highly manipulative and deceitful.

Some are awesome...

It's getting better.

Relations are thawing.

Onward.

1) Sorry, I never said *you said* it was 100 people per bottle. That must've been a misunderstanding.

I believe you said "Abraxas started to seed planets and harvest Orion men" - is that correct?

If so, I think you're right.

Let me clarify:

100 people per bottle. That's what they said in Jupiter Ascending.

The contact I knew for three years steadfastly refused to watch Jupiter Ascending clips, but smiled mysteriously when I mentioned Abraxas.

He acted very close to Balem in the movie. Friendly one minute, tantrums the next, etc.

One summer night in 2021 we were sitting by the river in Taipei. He looked pensive and worried. We'd both been drinking.

I asked him why.

He said he wanted to "live forever".

I told him, in broken Chinese, that there is a health product that can make you live forever. They make it from humans.

I asked him if he knew about this product.

He said "maybe" which is a common answer in Asia.

I asked him if he knew how many humans were needed to make each bottle.

He shrugged and said "A hundred?"

100. Exactly what the movie said.

this particular entity tried to hold dominant frame. But sometimes, after beers, it came out that he was terrified about being punished.

I think he's trapped here.

So yeah, you don't acknowledge Seraphi or Kalique, which makes me doubt the full veracity of your story.

No doubt there are some s**theads in House Abraxas, but it comes off like you're trying to smear the whole house.

Many factions, many points of view.

The Kalique/Kalki group want to clean up EArth and make it a festival planet, as far as I know.
