I've learned there are anomaly threads not named such that do not get deleted.

What is the Special Needs / AR industry. As an accounting tard AR is Accounts Receivable.

There is a lot of special needs people out there that need some special teachers...

You know... to teach about manners

They run this VR/AR EArth reality from Special Needs institutes. It's a perfect cover.

If you're hinting I have bad manners, **you might not want to continually provoke me.**

I nearly always reach out in good faith a couple of times first. If that gets thrown back in my face... yeah.. I'll start to mock someone.

It's not like you guys have exactly treated me well. How many times have you laughed right in my face?

You just can't take it when you get ridiculed from the stalls.

It blindsides you, cos you always pulled rank and cheated.

You can't win a fair fight. You never had to defend yourselves on equal terms. You played Super Mario on Infinite Cheat mode, and now have to deal with Regular Player mode. Must be tough.

You never learned to defend yourselves over a Guinness, in a pub, with only your wits.

Anyway... enough.

Will be here if you want to negotiate peaceably.

### Re: Can anyone mediate between The Anomalies and The Special Needs / AR industry?

I am cognizant of the fact that Dan, Tuna, Steve, Michael etc may be pushed into what they're doing by offworld forces.

It is possible you are trying to refuse orders. Who knows?

The Saturday Sessions with Saul have been going very well. Amazing, in fact.

You see what happens when two human beings sit down nearly every week for 3 and half years, and attempt to grind through various issues?

He makes you all look like **cowards**.

Refusing to talk, even through intermediaries.

I let you into my space in Taipei. We talk, and then you relentlessly throw it back at me.

The most embarrassing motherf\*\*ker, by a long margin, has to be Stephen.

Mocking me on camera to his sodomite buddies in the control room. Saying "i don't think anyone really like him(you)" right on film... as if anyone needs the approval of the governing pedophile bodies of Earth.

And then the giggling, the dribbling... the somelittlekid speech, where he's literally drooling on camera cos he thinks he's such an amusing badass. Where he thought he was speaking bird, and I didn't catch it?

He doesn't make you guys ill?

Did they really make him King of some Inner EArth land?

That was cos I recommended him.

I remember doing it in dreamspace, repeatedly.

Recommended him in **good faith, with goodwill**.

Do you know what those two things are , you dumb, upper-class f\*\*ks?

And he's giggling that he snatched the crown from somelittlekid.

What a sad little f\*\*k.

I said it before, I'll say it again **"You kids can't handle your loosh"**

He gets most of his power from me. He was just too much of a self-absorbed fool to acknowledge it.

Glad they made him King.

Deceitful, parasitic, dishonest to the core.

**They thoroughly deserve him.**

Anyway... now I got that off my chest... come and negotiate, or we'll continue fighting.

Your choice.

Did you ever convince the principal of your school to go out drinking and negotiating? Negotiating what? Who's going to watch the children that you have brought into the equation?

If I was in charge of such a great responsibility like that and you tried to scmooze me i would just look at you funny...and note you in a book or something.

Maybe that's how you found yourself in need of some "special education".

In the street. In Taipei, and beyond. I knew some of these mentioned parties for years at a time. Talked with them for hours. They pretended to be my friend so they could steer me.

Yeah. I get it.

**You're holding dominant frame**

You're these Illuminatus big shots. And Im somelittlekid trying to get your attention.

Uh huh.

OK.

Alright.

So why do they keep approaching me?

You know why I start these threads?

Cos if you ignore them, it gives me full license to **serve you hell without mercy**, with a totally clear conscience.

~O~

Now, to get to the point:

- They get better treatment, in return for giving me compensation.

Don't tell me you're doing fine there. You're in trouble.

So carry on with the **Muahahaha dominant frame** act if you want.

Is that the only trick you have? It's embarrassing.

**I can sit you all out**

Im younger than all of you.

And don't tell yourselves this is about education. This is a livestreamed prison, and you are a gaggle of Flemish poyverts.

How many times did you break your own rules?

That talky-talky-down-to-the-peasants act **does not help your case any**.

You appeared to be mocking special needs children and the one you call "the anomaly" at the same time and so you learned a lesson.

LEARN the lesson and humble yourself or go take your guitar and get in your canoe and go on down the rapids then like a moron.

I can get you backstage...but you have to pay The Price, then you can get your rewards.

Most people are unwilling to talk openly about The Price as it shames many of them to let others know what goes on.

Basically you have to be the the sexual plaything of anyone who is a permanent backstage person while you are backstage.

You can do what you like frontstage, but backstage, you will be their butt boy.

The good news is you can collect your rewards and gain immunity from Sin and Judgement.

Women will be many and willing. As many as you need with a range of intellect to stimulate you between being stimulated.

..but wait there is more...

If you are prepared to turn Evil we can get you in Management.

What to be leader of a nation near you?

You could change the world for the better and I can see you are just the kind of person the world needs.

*...You come to enjoy it over time, it is no task, just being a help to others in need, like Jesus really.*

Serve well and you go up the ranks and maybe end up being a permanent backstager yourself one day.

Threads get deleted if they cause problems for the mods. Don't cause problems for the mods.

We have been mediating the needs of the "i am so very special" most of the entire time.

Whereas there is always someone who is falling into that spiritual trap of "feeling special", and said threads are a productive means of knocking them out of it and back into reality, sometimes.

Really glad mods provide guidance for us without our asking.  
Just like ...*who were those people who told everyone what they had to do or else and my grandfathers had to go and kill them at something they called later WWII?*

Did NAZI that coming?

A gross violation of another being giving them guidance without their authority. Some might call it attempted slavery whether it was perceived as being for their own good or not.

I am sure the entire mod team is peerless people entirely without Ego and are always willing to discuss openly on site any matter they have been involved with like any Honest Person would.

Ban AC's then.

I have studied this site since 2008. I know what goes on here.

I have been banned here 100 times at least this year.

No fair hearing is conducted. No one is told why...but I know why because I conducted experiments to see what triggered bans and autobans.

You can work out what really goes on by observing what is a bannable offence and what triggers autobans.  
The site is not honest.

If the site is not going to act honestly, why should anyone who uses it?

Law of Fairness. Built into everyone.

You might not like what I do here, *but I have helped more people that you have.*

If it is all about helping people....

In general, if these mediation threads stay up... you will find me easier to get on with.

I understand you guys are in kind of a difficult position, and I am sensitive to that.

Some of my threads are obviously troll threads. Other times, I have no idea what will trigger a deletion.

You guys are also guests on private property, true?

Going forward, I will attempt to negotiate better.

But the food fights are part of what makes GLP fun.

Thanks for your honesty and offer.

At least we are talking now. TBH, I find the food fights tedious and unproductive.

Some points, which you could consider a formal communication with Team Dark, or whatever they call themselves.

- I am neither rejecting, nor submitting to the Darks. I have said since 2009 that I am prepared to collaborate with them, with no judgment... as long as they act respectfully, and don't try and get me under their thumb. David of Danshui, for those who watch the show... is an example of someone who completely violated trust... don't be like David.

- Why can't we cooperate without you all trying to control me? Simply put, I don't need gifts given at such a high price. I can happily chill in Taiwan and SE Asia over the next 20 years.

- If The Western team won't talk, I can just cut off GLP, and go dark in SE Asia.

- Please be aware, that there have been many who were considered dead cert 'fake friend for life' actors in my movie, who had their timelines burned in a split second. Aren and Steve are recent examples, over the last 2 years.

- The point is, don't presume that I will stay here on GLP negotiating forever, if it's fruitless.

There's a pretty high chance, that if the West won't talk, I will just disappear in China. I'm already learning Mandarin hard, right now. Will be solid intermediate in 3-6 months.

So...

I don't want to join or submit to you, as I can happily wait you out.

But I am not rejecting you.

We can cooperate building a a microfinance network, if you want. No contract, no submission. Just business, making money. If you wish for healing or music, I can provide that.

You may assist and help me build this open source software, or not, as you desire:

[www.github.com](http://www.github.com)

EDIT: The project is now linked on the site in my signature.

But there is no point in giving up my soul, or my body, to become a leader of a country. I already made Janitor.

President of a country would be **a step down** from my current role.

If you believe I can be of assistance... why the insistence on submission? Why not just collaborate as equals?

Anyway...

That's my offer... one of you can come meet me in the stage world, and we can build a better timeline for everyone.

If Westerners won't talk, I'll take a plane to Yunnan or Dili one day, and maybe never return.

That's what I'm thinking right now.

Peace,

Daozen

### **Re: Can anyone mediate between The Anomalies and The Special Needs / AR industry?**

There's another aspect we must consider;

If I join the darks, that may help you for a decade or two...

But as I'll be trapped in the structure, I won't be free to help everyone get out of there. I believe we all have skills which could help The Escape.

I am happy to help anyone who wants out, release themselves from their contracts, as long as you talk to me sincerely...

Thus, it's better for everyone that I stay outside the structure.

I can get you backstage...but you have to pay The Price, then you can get your rewards.

Most people are unwilling to talk openly about The Price as it shames many of them to let others know what goes on.

Basically you have to be the the sexual plaything of anyone who is a permanent backstage person while you are backstage.

You can do what you like frontstage, but backstage, you will be their butt boy.

The good news is you can collect your rewards and gain immunity from Sin and Judgement.

Women will be many and willing. As many as you need with a range of intellect to stimulate you between being stimulated.

..but wait there is more...

If you are prepared to turn Evil we can get you in Management.

What to be leader of a nation near you?

You could change the world for the better and I can see you are just the kind of person the world needs.

*...You come to enjoy it over time, it is no task, just being a help to others in need, like Jesus really.*

Serve well and you go up the ranks and maybe end up being a permanent backstager yourself one day.

Thanks for your honesty and offer.

At least we are talking now. TBH, I find the food fights tedious and unproductive.

Some points, which you could consider a formal communication with Team Dark, or whatever they call themselves.

- I am neither rejecting, nor submitting to the Darks. I have said since 2009 that I am prepared to collaborate with them, with no judgment... as long as they act respectfully, and don't try and get me under their thumb. David of Danshui, for those who watch the show... is an example of someone who completely violated trust... don't be like David.

- Why can't we cooperate without you all trying to control me? Simply put, I don't need gifts given at such a high price. I can happily chill in Taiwan and SE Asia over the next 20 years.

- If The Western team won't talk, I can just cut off GLP, and go dark in SE Asia.

- Please be aware, that there have been many who were considered dead cert 'fake friend for life' actors in my movie, who had their timelines burned in a split second. Aren and Steve are recent examples, over the last 2 years.

- The point is, don't presume that I will stay here on GLP negotiating forever, if it's fruitless.

There's a pretty high chance, that if the West won't talk, I will just disappear in China. I'm already learning Mandarin hard, right now. Will be solid intermediate in 3-6 months.

So...

I don't want to join or submit to you, as I can happily wait you out.

But I am not rejecting you.

We can cooperate building a a microfinance network, if you want. No contract, no submission. Just business, making money. If you wish for healing or music, I can provide that.

You may assist and help me build this open source software, or not, as you desire:

EDIT: The project is now linked on the site in my signature.

But there is no point in giving up my soul, or my body, to become a leader of a country. I already made Janitor.

President of a country would be **a step down** from my current role.

If you believe I can be of assistance... why the insistence on submission? Why not just collaborate as equals?

Anyway...

That's my offer... one of you can come meet me in the stage world, and we can build a better timeline for everyone.

If Westerners won't talk, I'll take a plane to Yunnan or Dili one day, and maybe never return.

That's what I'm thinking right now.

Peace,

Daozen

Sorry Bro.

That was just me pranking you.

Setting the record straight...my wife, who is on Deathwatch right now, (she is near the end of her mortal life and ready to embrace The Spirit alone) did work as dairy Farm manager. Her boss was Dutch at the last place she worked.

14 years, she worked for 3 Dutch decedent farmers though one was South African Dutch. She milked cows and managed 800+ cow dairy farms for 14 years.

I help people, sometimes I cause them trouble (harm of sorts) to teach them a hard lesson, (just like raising kids.)

I am all embracing, but only of those who are also all embracing.

I don't put limits on others, nor do I make anyone do anything they didn't want to nor do I make them believe anything they didn't want to.

The people who chose to follow me did so because they related to me.

I see this as the great separation.

If people feel they need a teacher and friend, I am it. I understand people and can show them where they are locked up and suggest how those parts can be unlocked.

I consider myself to be a friend and student of God, who has always been my teacher here even though he has arranged it so many people have contributed to my advances. There is a less than subtle lesson in that.

People who feel they need guidance will pick the savoir of their choice I believe.

I would say their are many already selling their wares.

Most have some limits on their followers and some will demand energy from them (emotions) everyday to feed their person power.

People will use their free-will and chose their own figurehead.

I don't think interacting with you is helpful for you.

We are just on two different planes of understanding.

40 days of isolation. Get rid of all the other influences and focus on you instead of everyone else.

If you continually serve others...you lose the real self until you cease to be and just become an extension of those whom you serve.

I have seen those futures, golden traps for people with good intentions.

People have their vulnerabilities exposed here. If they are not self aware enough...they get eaten by the system one lifetime after another.

Good luck...and Goodbye.

Ha. Amusing. I'm pretty sure that goes on though.

Yes, this is **The Great Separation**.

I think many different soul groups will go their separate ways, like the end of Seinfeld.

I've never wanted to go for large quantities of people. Only ones that are on my wavelength. I realized a while back I was like that band Melvins.

I have said many times, that there are enough people in the Universe for everyone. I don't see this as Winner-Takes-All.. many valid teachers hold keys... so everyone will go with who is right for them.

You have definitely taught me, and others, many things, tirelessly. I'm sure many will want to hear what you have to say.

Thank you for the warnings about Golden Traps. Yes, they have some nasty snares for Bodhisattva types. Quite frankly, I think they ride us like pack mules. You said "Biggest panhandlers in the universe" - was that you? I think you're right about a fair chunk of them.

I have realized many of these people are not my friend. And they have zero respect for me. **Glad they showed their true colours when I was stumbling.** It's been a real eye-opener. I still maintain the top 10 to 30% are kind of awesome though.

I realized many of them are totally ungrateful for the work me and my team put in. Spoilt fifteen-year-olds expecting a free-ride. More than annoying, it's frightening.

Your advice about 40 days of isolation came just as I was rained in, and going to focus completely on myself.

Don't exhaust yourself serving others. Don't want to be The Happy Prince. You could waste entire lifetimes like that.

Good Luck too! I hope you get the Friends and Followers that are right for you.

Peace,

Daozen
