This is the day. The The day we've been dreaming of and the day we were afraid would not come.

Hang on to your hats, my fellow human beings. It has begun. Everything will change. EVERYTHING.

Took several days of hard work to consume Pope Ben XVI, and now they're not naming a new one because they still have Frank, but the spirits can definitely tell the difference; I suppose the Vatican is too old and tired a game, and we'll start seeing a new approach.

Good. Imagine how annoying it must be for the real "anomaly" ..., what a weird and insulting term. That is , if he were to read here, I can only imagine that he is not very impressed, imagine trying to hide, trying to have a semi normal life, before he has to deal with untold bullshit, and endless dumbfucks that want something for nothing, or think he owes them something, and everyday having to read the deluded opinions of bipedal maggots
