I have seen drawings of the captured alien scout and have seen film of one of their leaders. Large white bulbous head, thin, robe from neck to ankles and to wrists.

Exited a ship looked around, reentered ship, which then reentered a portal.

the insectoid form is not what you describe above.. they look alot like a praying mantis... there is a common form used a lot for space travel.. of spirit beings... and that is what has the large head.

These are the guys who want this planet. One was captured circa 1960 in Canada.

They wage war by altering time lines rather than direct confrontation.

They hail from the Eridani C star system.

Re: Insectoid Exits Forest, Ship Exits Portal, Transports Him Aboard

maybe stop using Potatoes to take videos of these "things" lol

seriously. why are you only using potatoes to get videos of them when we have 4k and 8k high zoom video options available across the planet?

I would wait that level of quality before sharing as anything less than that has to be questioned for obvious reasons.

in fact NOT questioning a video like this, would literally make you an IDIOT.

sorry not sorry for saying it. we are in an age of fakery, trickery, attention whoring, CGI, after effects competitions and much more. so FFS, please. consider that before you share stupid shit like this. Share when you actually have something that looks at least possibly real? and even then subject to questioning too.

look! a UFO!

lol

I didn't shoot the video and I am well aware of CGI.

i ONLY POST VIDEOS OF THINGS WHICH i FIND CONGRUENT WITH THE FACTS AS i KNOW THEM TO BE or which I find interesting.

I told you what is transpiring.

Take it or leave it; doesn't matter to me. Saw this vid which is congruent with my knowledge of the subject.

As for photography, I make no comment.

I'll tell you this however; there is a war in space 50 miles over your head. I don't know whether or not these clowns will make down here en masse.

no craft needs a portal to enter our atmosphere... portals from underground are actual portals made of tubes and such... the whole film is a fucked up created mess to confuse and alarm people and I am sick of this shit
