**Re: The Organic Portals are going crazy**

Great thread. Would you compare the annunaki to the demonic? What percentage of the world would be organic portals? What do you think of the work of Rudolph Steiner? I suspect I know a few organic portals :]

Quoting: **Anonymous Coward 84950541**

Thank you. I still never gave up even after 2022 was my worst year yet so far. Lots of negative things happening, but the harder they push against me the more I push back.

The Anunnaki would be the "archangels". They're 4th dimensional beings that are emanations of even higher 5 dimensional beings. En.Ki being an avatar of Lucifer, EnLil an avatar of Michael, Anu an avatar of Jehova, Marduk an avatar of Ra etc. Altho at that level of their higher self these beings would be more akin to a group consciousness and only individuating as they step down first to the 4th D and then their avatars here in 3D. Many here carry pieces of the consciousness of the Anunnaki as either parts or projections of these fallen beings....fallen as in disconnected from the Source due to distortion in their perception and refusal to follow universal laws so they became parasites.

Demonics can be either discarnate human...those who were so destructive that became parasites rather than moving on into the afterlife, or fallen higher level entities such as reptilians (hence the reptilian looking demons/devil), or creatures of the Void or the anti-particle universe situated behind our own universe... something that the Voyager Series by Ashayana Deane talks about. Of course, many demons are just corrupted names of the old "gods" of the EArth and are not actually demons lol.

I go by what Amitakh Stanford said in her articles...that originally this simulation trap was about 40% true light/spirited beings and 60% fake/Soulless NPCs/OPs. That number kept steadily declining in favor of the OPs as the spirits woke up and left the game or gave in and became part of the system. If you compare the depth of creativity in art, music, movies from let's say the 90s to today you can see how what we have now is all a cheap imitation...we have lost much of that creative spark. The world has also turned more and more self nihilistic and ego driven. It's all by design as the system was running out of energy. The Organic Portals has less and less spirited beings to feed on their energy here.

I touched on Sorath etc in some threads regarding Steiner but I don't know him in-depth. Sorath is Marduk/AmonRa...he is the way pointed to from the other 3 demiurges of EnKi EnLil and Anu...Lucifer Michael and Ahriman. Just like a cross...only the one who fell furthest was Marduk. It was Marduk who was going to be the horseman of death or the 666 anti-christ. I've posted this video before but it's a great one.

The vaccine itself was meant to re-engineer human DNA to one they altered and created so they could stamp their cattle and call it their own. They admitted the DNA resequencing was patented ahead of time as well we found many weird things in the vaccine. Has you used your free Will to accept that then you were giving them over control to your shell. Those who had depth/spirit, automatically resisted as they knew something wasn't right. They didn't even take one shot let alone 3+. The tide turned as the controllers saw many did not take it so they backed off to appear to take a pause with it to come back to it later. They cannot force it on those who used the law of free Will to forcefully reject something. I said you'd be okay because for the most part half the world already gave up with the vaccines by the year 2022 and the rest slowly followed.

These controllers then went on to try other tactics...war and monkey pox etc etc as well as more divide and conquer like through the drag shows/transgender crap now and forcing the fake pronoun mental damage on unwilling people... especially on those who didn't resist directly.

I think, one other way to look at it, though I am no numerology/magic expert. Is,

11' radiation in fuku in waters, etc  
 22' Middle master number to the masons  
 33' third act. So basically we in the middle, perhaps? Just being perceptive.

Numerology is not something I've looked into much, but my birthday numbers are all very weird. Something that lined up for exactly what I came here to do for. I do remember reading that every 100 years there is an "outbreak" of a virus in the world which helps to keep the population low. Every 100 years like clockwork. Then there's the Archaix channel videos where he talks about the full on population wipes occurring like clockwork in this simulation and there's another one coming up soon in a few years. Hence why the "elites" are so much in a hurry building bunkers again.
