Re: Has there been any deaths of the Truman show watchers?

Some sick stuff, the ones doing the Truman Show. It's one thing to just kill out of anger, sense of duty, or mental illness, but what you all are part of is diabolically wrong. Why are people watching this sickness? Are living beings worth so little to you that you can get entertainment out of this perversion? You can change and turn around no matter where you are at.

Trying to spread the message of love and kindness pisses these people off. The supposed anomaly who was going to kill me a year ago who visits and give bad dreams, you failed to kill me despite your threats. Your magic sucks and has no power over the smallest speck of dust. Just threats and scares. Even shooting me as I walked home, I lived through it no matter how good your shot placement was. Doesn't matter if you kill this body anyways. I'll go home, I'm not the body. You shoot yourself when you shoot me. You hurt yourself when you hurt me.

What these beings are, at least some of them is a dark slime like parasite. When I removed you from the heart, you cried and wailed pitifully, so much that you took advantage of my empathy and love so I took you back in to try to heal you. What did you do? Immediately latch back on to the heart, immediately taunt me and dig deeper and more attempts to cause psychosis and fear.

You guys doing this are so silly and foolish as we are the same in the end - we come from the same Source and the sad part is I bet you all realized this truth for a long time now. Why do this?

These gangstalking tactics, time slips, and obvious mental and mind body control of every living thing around, means you are forcefully violating and controlling life around me. This is a whole level of diabolical torture and violation I could not even imagine existed. I realize I have been part of this for nearly my whole life but I was blind to it until recently.

I do not consent to being streamed, I do not consent to being watched. I forgive you all for what you have done to me, and will continue to forgive you as you all continue to harass me. Stop watching this shit, stop subjecting people to this shit, stop it all. What is the end goal of it anyways? Why can't we focus on waking up and expanding this reality? I guess it's your loss of illusory power that you don't want to give up.

Towards the viewers, probably. If and only if they do something to make up for what they took. Something concrete.

But mercy can be cynically abused. Excessive mercy is an insult to the sufferers.

What if they told themselves "OK, we have a merciful enemy. Let's just go all out to screw them up, and beg for mercy if we get caught."

But you are right that all decisions must be made with a cool head.

I'm not saying there won't be consequences, but their soul will be saved if they repent, and that's all that really matters. Plus, if someone did something horrible to you and then they came up to you and confessed to you what they'd done and begged you for mercy, and they were truly sincere about it, you have a moral obligation to forgive them. The question then really is, what does true forgiveness mean to you?

See my question to you above about what does forgiveness mean to you? Say someone you loved told you to leave them alone and then came back and asked for your forgiveness for what they said? If you forgive them, does that mean that you don't ever want to see them again, or does that mean that you forgive them and want to see them again?

Quoting: **Anonymous Coward 83335573**

Thanks for answering.

They haven't confessed, or even apologized, most of them. And they're rarely sincere.

I understand you expanded on what you said. I just don't feel 100% comfortable with you preaching the wonder of mercy, mercy, mercy to people who have been tortured, raped and murdered. Some of it on camera.

All I think is, decisions shouldn't be made in anger.

Where does the "moral obligation to forgive" come from?

If a serial killer drops to his knees and starts wailing for a couple of minutes do we wipe the slate clean? Anyone can turn on the taps and give an Oscar winning performance.

We're not talking about someone stealing chocolates from the corner store. This is decades of rape, murder, torture, and imprisonment. Millions have suffered, maybe billions.

They don't get to flash a greasy smile and reset that. True forgiveness means you fix your mistakes.

It's true that excessive anger and vengeance is not the way forward. But being too lenient sends the wrong message to the universe.
