Re: Have you given up on real doom?

yeah me too. it's all a show. nothing happens.  
it's almost like living in purgatory. maybe that's the real doom

whatever the case me be. doom. doom predictions. selling fear.  
is all old news. nothing happens. nothing

go outside. enjoy a ball game or take a walk. all this doom and fear is over. and it's becoming gay.

Re: Have you given up on real doom?

it will all be fake outrage over trans.  
youtube influencers.  
outrageous politics with the senators and congressman getting filthy rich.  
more outrage at corporations but nothing changes.

shitty culture. music. movies. sex scandals. lots of church and verses from the bible.

All we ever had to do is switch off the TV.

People are exercising, building things, raising money, all over the world now.

Only Whitey McWhitey is waiting for the doom or saviour that never comes.

Lump could not save you. Bidet cannot destroy you.

Now what?

BS

I switched off the TV some 15 years ago

Didn't stop rampant inflation, Congressional overspending, pointless wars, massive immigration or the effects said tv has on my people that can't seem to turn it off. Much less "equal opportunity" that has every major corporation putting white men at the bottom of every opportunity, or every level of government forcing "diversity" on every white community, much less filling all these empty million dollar homes with subpar invaders.

You must love watching the destruction of white culture. Enjoy it while you can, nothing good happens to you after that.

So what when you infowhores doomtards realize you wasted 10 years waiting for the big one...

... and everyone else was slowly getting their act together?

There has never been a time where there wasn't McDoom on the news.

I don't smoke, but love Lucky Strikes.

- If you wanted to slow inflation, you should've built useful stuff in America, instead of spinning the printing presses, and waddling round buying everyone else's labour with fiat shmiat.

- If you want to curb immigration, help develop Mexico, especially Chiapas, *to draw immigration South*, instead of grinding Mexico into poverty, and laughing at Tijuana Dog and Pony shows.

- If you don't want pointless wars, **don't join the sodding army**. I have a lot of respect for military people, but you entered into that contract of your own free will.

- If you want to be employed as a white, develop a skillset that is desperately needed in the market. I'm sorry, but white males are known for being mouthy, lazy and ignorant. Why hire them? I'm a white male from the UK, BTW.

- Nothing was ever stopping you making your local area strong and stable, instead of wringing hands over what congress is doing.

#### **Farming, Low-Grid Houses, Local Innovation.**

So, yeah, you're in a bind.

My group suggested a better way from 2009-2015, and ongoing. You told us to: **F\*\*k. Right. Off.**

Laughed at us, attacked, giggled, and sneered again.

You **100% deserve** to be where you are right now.

All you have to do is ask questions, and you'll find a way out. We're here. you're not listening, so you'll continue to stay stuck.

I don't like watching the destruction of white culture. I'm from London. My parents and sister live there.

All everyone else ever asked of the People of The West, is stop printing all that idiotic fiat, stop fighting, and learn some humility and manners.

Oh, and **build useful stuff**.

Like America used to.

Remember that?

And no, it has little to do with Congress and the Corporations shipping jobs overseas, and EVERYTHING to do with white dickheads spending MILLIONS of hours on pointless computer games, instead of heeding your Ancient Call of Duty.

Because you won't learn from the Angels, you case has now been passed to a Syndicate of Devils.

If you have any questions, **please do not hesitate to ask**.

Sincerely,

Lord Doozle
