God is here on earth in human form...now what????

Please give some thought to this before you respond.

The world governments have been aware of the presence of God in human form, and have been for 20 plus years. World political and religious leaders, law enforcement, government agencies have all been waiting for the right time to introduce God to the world. After years of study and investigation, it has been proven that God is here now to help us, to warn us, about how there has been a battle for our souls, and how division has been created to keep us from our truth. God will also convey a message about unity and love, and how important is is for humanity as a whole.

Thing is, God is in human form, just as Jesus was...and we all know how that turned out. This time tho, there is proof that this person does have a connection to 'heaven'. Let's say a few world governments have been waiting for this 'God's arrival, based on communication received hundreds of years ago. Much of what this God has to say will condemn most religions and encourage unity and love that crosses all race, creed and color.

What kind of advice would you give this person and world and church leaders? Imagine, God's is here and God's message does not align with the religious.

Imagine, a global acceptance of 'God's return. But a concern about how to manage God's return and introduction to the world.

Thoughts?

This is what I'm talking about. Maybe this will all be shown to be different from what your Bible tells you, in many ways. Maybe it's your Bible that is the beast.

that's exactly what he wants you to think. just the fact that this so called god on earth wants to bring unity to the earth proves hes anti-Christ. Mathew 10:34 (Jesus speaking) "Do not think that I have come to bring peace to the earth. I have not come to bring peace, but a sword."

what does a sword do? it divides. he came to divide, the wheat from the tares, the sheep from the goats, the worldly from the spirit. there is only ONE path to the kingdom of God and its a narrow one and its name is Jesus Christ.

he will embrace the homosexuals, he will unify the atheists with the muslims and the pagans and the hindus and the Buddhists. he will tell the world there are many paths to heaven, he will tell the world there is no sin. he will bring peace and unity to the earth and the multitudes will LOVE and PRAISE and WORSHIP him just as satan has wanted since the beginning of time. you will be required to get the mark in your right hand or forehead and you will willingly because of your

"They would not be waging war against Syria and Iran if your story was true"

under the op's perception that this god in human form on earth and the worlds governments and leaders have our best interests at heart then your statement would be true that they would not be waging war against Syria. but in reality since they do not have our best interests at heart and are actually in cahoots with the antichrist being Satanists and luciferians and all, they would wage war against Syria because that's in the plan. that's how they operate. order out of chaos, problem-reaction-solution. start major war, chaos ensues, people will be clamoring for a solution, peace and safety. their man will bring it to them and they will embrace him. its all an ancient evil plan that's been in the works for millennia. they will willingly take the mark, they will be thrilled with the new world order, they will worship the antichrist

The beast is also God ... It is we who decide how to perceive it
So in simulation or 3D polarity ..we steer God als one and individually.
Free Will vs. Unity.
We use the force but the force has levels and doors ...of understanding.
Fact is the architect sings and is a power that connects everything .
Very close-by and forever within .

While they are saying, "Peace and safety!" then destruction will come upon them suddenly like labor pains upon a woman with child, and they will not escape.

But you, brethren, are not in darkness, that the day would overtake you like a thief;...

Re: God is here on earth in human form...now what???

Come on GLP you can do better than this.

What if your interpretation of God and your holy book are not the only way? What if you are required to open your mind?

What if our world has had open communication with other worlds, which has really opened up who we are where we really come from. And the message they have is not what you think.

How does one introduce this human to the world?

I don't interpret a book...my mind is open...

So we speaking about an alien god now?

What human? no human can be the creator...it's a source...a source of all life...what? that source is just gonna take some time off and be born human? Makes no sense to me. It can't because it's a source of energy get it?
