Re: I keep pushing for success that's never gonna come

What success do you want, Sir?

We are 3-12 months away from raising money and winning.

Then we can go to The Hollow Earth, and ignore everyone.

Come and talk here if you want:

They are targetting you because you are famous in The Future.

Help me talk to that girl.

Quoting: **Doozle 84866032**

I could have been famous in the future

I don't think I will be anymore

Who's the girl

(plant a lot of trees)

Quoting: **Massimo 78431629**

The girl is the youtuber who keeps trying to get my attention. But I think she's just using my fame to boost her career. lol.

You can be one of my Henchmen in the future, if you want. No pressure. Door is always open.

If you even talk to me, they will hammer you...

We're building this microfinance software.

Do I do this for envy

Do I do this for pride

Do I do this to challenge myself

I don't know

Quoting: **Massimo 78431629**

Stop.
Success is a choice. it really is...
Play the game by the book...
may take some time...
Job...earn your living...
identify opportunities ...
and take responsibility.
That's how you grow.
there's no easy way out / in.

I can only dream about that stuff

I have thinking challenges

Hard to focus.. Hard to accomplish goals

Free them in what way

Quoting: **Massimo 78431629**

- Microfinance software so they can fund their dreams.
- Chlorophyll and healthy food so they can live easier in physicality.
- Women with big knockers planting trees to give society hope and direction.

Then we go for full on ascension, by redeploying the Dark Stars/Amenti Cores/whatever they are.

We may be stuck in physicality a while, so lets try and make it amenable.

To be quite honest.. the kind of life I truly wanted to live if I had my choice

You can combine both the Dictator and the Playboy lifestyle with the Charlie's Angels Open Source Software model.

Will be trialing it in 2023.

Not really...

I honestly just mean chilling, getting off smartphones, and going for long walks in parks. Simple life... Hobbit life.

Barleygrass helps me immensely.

They can see you persistently rattle the cage they put you in. It takes 3-4 of them crowding round to shame you back into the box.

Chatting with you is cool, but I'd spend as much time as possible with the damn phone off.

Any Amish or Mennonites hear where you are? I'd like to hang out with them.

Or a gospel church? Those are good people.
