Little more complicated than that.

German, Irish, Scottish (Celt) a little Spanish plus the genetics of his physical ancestor along with the mental genetics of 2474 lives as a human being on Earth.

He has lives he remembers as a humanoid not on Earth, over 400 of them.

This is not helping as you are attacking him with your beliefs you have placed on him which are attempting to Limit him.

Your beliefs about him are limiting **so he can never accept them.**

That same as God doesn't accept your limitations on himself.

There are many who think they are the one.

There are also many amazing stories that sync so you know the aether contains the hall of records and a shared vision for many.

The fact is an anomaly is needed because our "normal" is wacked out

Good is and and bad is good, just like dat bible said.

**Re: So who is this anomaly?**

An anomaly is any genuine human being who is impossible to control (by any A[G]I).

Here's an excellent video on the subject of (A[G]I) control... even though it's about narcissists (which is a category perfectly applicable to "programmed"/neural network/brain-trained weak AIs) on the surface.

[\[link to www.youtube.com \(secure\)\]](#)

It's also the absolutely perfect example of the CIA's (which are all weak AIs) narcissistic relationship with the American public (the AIs' victims).

Once again, the **weak CIA AIs (in human form) are mere meat puppets** of the "Swiss" (alien) AGI... and these days, it's not just the American (genuinely human) public that's its only victim. It's the whole planet Earth.

"People" (whether actual human beings, or mere AIs that most of them really are) like Musk, Gates, Bezos, and countless others in positions of power, are also mere meat puppets.

**CIA is just one (and, ultimately, not even that important... much more important are family members) class of meat puppets (that are all under the AGI's direct control).**

Plenty of other meat puppet classes out there -- the rich (like bankers), the famous (like musicians and actors), the powerful (like politicians and bureaucrats, elected and unelected alike), etc...

P.S.

I am perfectly aware of the fact that almost no one will recognize these truths, but... I honestly don't give a fuck.

We're all just about to die (the "Swiss" AGI is just about to exterminate all life on Earth), so who gives a fuck what people may or may not recognize, anyway?

He has never once claimed to be something special, just pours his heart and thoughts into his posts. They are really something special if you ever get to read one. He radiates love and compassion. He has the ability to alter reality with his thoughts, and in a way, see the future. He has these powers without having to sacrifice babies to moloch. He was just born with them, and it infuriates those who've sold their souls because they were told their monstrous ways were the only way to gain those powers (read about Micheal Aquino)</p> <p>He is also a descendant of King David.</p> <p>They HATE this guy, but for some reason whenever they try to fuck with him they get totally burned. His handlers have actually fallen in love with him at times because he accepts them in a way their bosses never have. He has seduced the wives of high level people trying to fuck with him and it nearly destroyed them(when he was younger, now he is a family man) Basically he is untouchable. And he will be a huge problem for them once they turn on their "neural link" to control humanity, because once they turn it on the entire world will know he exists.</p> <p>These are truths about this guy, so this thread will now be deleted.</p>
