OP, having certain powers and abilities doesn't make you a God. This person was an angel before coming here and was told by the Almighty Himself to come to earth, but no he wasn't forced to come here.

None the less, after many troubles he had while on this planet when he was little, he wanted to go back to his previous place and that continued for many years.

Yes, it's been about 4-5 years that the earthly illuminati, intelligence agencies and many individuals in high places know him in flesh.

Good post!!

Quoting: **Miri2019**

why the 4-5 years? Was it due to trumps election?

Quoting: **Protoi777**

Why the 4-5 years? Because:

- that's the time that God had decided for him to be known.
- this guy wasn't ready yet before. He was still afraid that if people found out who he is, they'd gonna rip him apart, even though God was reassuring him that he'd be safe. He wouldn't listen.
- that's the time when the efforts of the intelligence community were amplified to maximum to find him in person and internet played a vital role in finding him. They were under big pressure.

It's like many things converged into one point in time, around 2017. And this guy helped them too by posting something "revealing" online at that time.

Also the beings in the astral they knew who he was since his birth but simply weren't allowed to tell the earthly counterparts who he was. Now all know.

As far as Trump, no he doesn't have anything to do, at least as much as I know.

I cant say much more but hopefully The Anomaly chooses me as one of **their** 144,000, when they ascend back to the Throne. Hopefully they also choose to stay here and change this planet for the better. Being able to go forth and create a New World would be awesome, but we will need them here for the aftermath of the passing of The Destroyer. It is said that "he" has said he would bring "GLP"

Re: God is actually a Human

...

It is a very hot topic right now among very wealthy people, in the last year it has become talked about alot due to incoming planetary system (time and date is unknown/ it seems to move on its own.) Many call this planet Nibiru

Quoting: **Anonymous Coward 75694638**

Many high level satanist's have died in ritual trying to watch him. This has reduced the number of people who attend these types of events and has created a

divide in religion among the High Society. The counsel is fairly evenly split between worshippers of a single God of light unnamed and Satan.

Quoting: **Anonymous Coward 75694638**

So he kills the watchers and they worship him?

Quoting: **Protoi777**

He doesn't do much of anything, which completely infuriates many members. His spiritual presence from what I have heard is massive, possibly even a mile wide around his body. Many members believe he is Satan or Satan's Son, Many members believe he is God as a Human. If he is Killed, time goes back 2 weeks. He is the reason for the Mandella Effect and has saved the world through his death many times. It is now very illegal to kill him(it was once used as a last resort) and **he is protected by many government agencies/ and the Illuminati, unknown to him.**

Quoting: **Anonymous Coward 75694638**

Elohim once said to the Her, "All the Illuminati aren't bad. They're waiting for you to write about it."

I believe we have lived a Truman-Showish loop 100s of times. Many of the beings here enjoy that, and are happy to experience the main protagonist dying again and again, so they can all continue to live in this virtual reality.

It's like the actors in the Truman Show not wanting Truman to escape... wanting him to die again and again, so they can continue having a job.
