If you're going to try to be a control freak, it's best to actually have some real power to back that up.

I didn't mean to derail the thread and I'd never accept a slave even if one was gifted to me. If someone wanted to serve me it would have to be of their own free will

**Re: What is the deal between the anomaly and the illuminati?**

K tard farts here is the Readers Digest condensed version then you can all go do something productive.

Girl spends her life studying eschatology while surviving never ending Satanic attacks. Raised in Amish country.

Boy spends his life being a child prostitute in the Rite. Moves to LA and works for a loser school loyal to the British Monarchy.

One day boy is possessed by Satan and approaches girl. "Hey girl like do you want to be my mistress? I work with like celebs and could even send you stuff."

Girl tells boy to get lost. She then proceeds to tell a geriatric knights Templar to deal with the boy.

Meanwhile girl invites the I^D^F over to her house to warn them about Antichrist Windsor. Prince Charles finds out and blows a gasket.

Boy in Hellywood and girl in the Bible Belt then get told they are being out in a Rosicrucian opera.

Ashton Kutcher shows up at the girls house and ruins her day because he is a fart tard.

Girl now wants boy dead and nailed to a tree.

The end.

The A can't be derailed. **He can't be controlled.**

Hes doesn't do deals with others, they have to do deals with him.

If they did do a deal (and since the OP hasn't defined the Illuminati) with a Powerful group of people be it whoever they are, it would be for their protection from HIM logically.

He can't be controlled, *so they would naturally fear him interfering with their plans.*

**What could they offer him to secure that deal?**

There are none. It's a Manchurian candidate who can easily be portrayed as the Christ or Antichrist. The subject endures a lot of torture

until they are a shell that can be used as a vessel and then they are offered exactly what everyone else is for their trouble in turning the world into a perfect panopticon feedlot for the bankers and aristocrats.
