Re: Semiramis walks the earth

The Ark was created and built by Dagon.
 Yahweh stole it from him.

Re: Semiramis walks the earth

Oh that's right Dagon was a representation of Nimrod.

The word "dragon" comes from the word "Dagon" one of, if not the, oldest pagan gods dating back to Nimrod. Dagon evolved over time and cultures into the dragon.

The defeated dragon.

Gee what happened when the ark of the covenant was stolen and put in the temple of Dagon aka Nimrod???

The ark plays a prominent—and largely destructive—role within the narratives of 1-2 Samuel, where it is referred to by the title "the ark of the covenant of the Lord of hosts, who is enthroned on the cherubim" (1Sam 4:4). After being captured in battle against the Philistines, the ark embarks on a violent rampage. The Philistine god Dagon is the first to suffer Y^w^h's wrath; having placed the ark in Dagon's temple, the Philistines awaken to find the statue of their god collapsed before the ark with severed head and hands (1Sam 5:1-5). Y^hw^h plagues the cities of the Philistines until they beg for the ark to be expelled. The residents of the Israelite town of Beth-Shemesh soon echo this request, since multitudes of rejoicing Israelites drop dead after seeing the ark on its return from Philistine territory (1Sam 6:19-21). This episode is the basis for the climactic scene in the Indiana Jones film, where the Nazis who look into the ark suffer gruesome deaths: their faces melt and explode.

The battle now is between a heavenly mother beating the shit out of the red dragon of Wales and protecting her baby which is Israel.

Anyone observing pagan Babylonian bs is nothing but a NPC that can perish.

I suggest switching over to the Biblical Feasts "before" the shit hits the fan.

We put a lot of energy into identifying the best system for getting things done, and constantly define and re-define the priorities.

We know things intuitively, without being able to pinpoint why, and without detailed knowledge of the subject at hand. We are usually right, and we usually know it.

Lilibet Lilith is back in hell yes.

Unfortunately she left behind her little shits that Mother Eagle in America now has to deal with.

Mommy Eagle has been gone for quite awhile.

So her children in Israel decided to start partying with a bad crowd from Babylondon and learn their traditions and ways.

Have you ever watched a mother walk through the front door and catch her children throwing a party in her house with a very very bad crowd?

She knows how to put the fear of God in her children and clean up her own house by tossing the trash out.

The party is about to end and some of Mommy Eagle's children are going to scream "I hate my Mommy. She is a bitch. ETC." It is called tough love parenting. It saves disobedient little asses from the flames of hell. In the end they end up being thankful Mommy came back home and tossed their false friends out the door.

Elizabeth Lilibet aka Lilith was the mother of those shitty false friends. When they get shit kicked out of Mommy Eagle's house they can go to hell and tell her they got their sorry asses kicked!

ha. Amusing and true.

The metaphor of parents coming home to a trashed party house has been used before on these boards.

The good side is, a lot of them seem to regret what they did. It's a start. Just kids coming down from a premium loosh high. Realizing they are not the bad-ass mtfkrs they thought they were.

Realizing too, that they need to fix what they did, like real men and women, instead of flashing a

greasy smile, and sauntering away. That, by the way, is one of the ugliest aspects of their personality. They honestly think tossing off a 5 second apology gets them off the hook.

BZZZZT. Wrong!

Anyway. Anyway, a lot of progress is being made.

Well Mommy Eagle is a VERY VERY LOVING Mommy. She loves to spread her wings over her young and shield them. She loves to give them the best of everything.

She dishes out love just as heavy as she paddles asses to save from flames.

But she is not going to put up with any bullshit.

Well, that's an interesting question.

One debated by parents for millenia.

What is love?

Is love letting children get away with all sorts of carp?

Spare the rod, spoil the child.

Sometimes love is a bucket of ice water, a red hot strap, or 6 months in purgatory.

Lucky for us, these avatars don't have to agonize over every case. We just set the intention, and the universe does the rest.

All I know is the last few years have been about beating humility into them, a gruelling percentage at a time. Likewise, Im getting humility beaten into me.

So the world turns.

Interesting times are coming.
