You're fuckin right sir

To give his power, throne and great authority to the 4th Beast so on and so forth

Anyone who says they will resist the beast is delusional at best

If it's not the fear, his seductiveness certainly will

But it's not a long reign because it's only the start of the next phase, whatever number were in now

The timeline is not a line now

The sea seeps through the heavens like a black plague, I can't fathom a vision more foreboding, more frightening than words

You feel it as well, don't you.. =)

Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake.

12 Rejoice, and be exceeding glad: for great is your reward in heaven: for so persecuted they the prophets which were before you.
