Why did they use Electric Shock treatment on those whom they considered paranoia schizophrenic etc..?

Were their brains more in tune with the unseen realms? Remember Jesus did speak to the Devil himself when he was at Godlike state..

Ha. Amusing, but that's not what the video is about.

It's a passive device that helps you hear music through bone conduction.

Anyway, each to his own...

### Re: Not only our Cerebral capacity has been locked at 10% our DNA too at 25%

We can fix/change/expand it all with our minds/intention/Consciousness.

Don't ask me how I know; I just know. I've done a bit of field work in these areas.

And just knowing you can do it is half of it.

There is definitely a specter around that doesn't want humans to do this, but it's less of an actual alien race than something that arose from humanity's shadow side, and is linked with survival fears.

It needs us to be real or have power, and it feeds off negativity/low human vibrations.

To that end, it did/does manipulate our DNA and cerebral capacity access, but not in a la -- moreso with its existence and desire to keep getting fed. So it influences humans negatively, but we can influence ourselves positively.

Never forget your Soul is immortal and continually tapped into an Infinite capacity for strength, ideas, creativity, endurance, etc. etc. And your Soul is the Real You. The more you route your Soul's energy more strongly and brightly through your body, the more optimized it becomes.

Even better -- connect your Soul to the Infinite Love of God/Source as you do this. (This is the essence of QiGong, a very beneficial and powerful practice.)

This is very perceptive.

Have you seen One Flew Over the Cuckoos nest?

Maybe Schizophrenics / Seers / Sages managed to merge their temples, and see the other world.

Shock treatment might be to damage the link between the frontal lobes.

So what about a device that helped you link the lobes? Using a sine wave/or square wave...ELF 6 to 7hz frequencies.

You can build them with off the shelf parts, sometimes. Lots of plans on Keelynet.

What kind of electrode would you need to induce a 40hz frequency right into the temples?
