Is Ms Swift looking for any part time remote work?

We have an opening in our Taipei office, helping develop an open source microfinance web-app. Ideal candidate should have polished design, product, and public speaking skills.

I'm not OP, but I would like to contact Mz Swift to ask her for advice on how to develop my open source Crowdfunding software, as she has product knowledge.

ht \*\*\* tps://git \*\*\*\* hub.com/Morni ng \*\*\*\*\* star88/x

EDIT: Link was wrong the first time.

I would also like to chat about music and chords with her. I played Willow on the Uke back in November, and changed the chords to make it more ethereal.

I watched that Banshees interview. Thought it was good. I grew up in a town a little bit like that, but nearer London.

I am respectful of boundaries. If she wasn't interested, or plain busy, I would go do something else.

Will bump this thread every month or so, as a side project.

Hey... mean little Ozzie.

Even if those rumours were true, what you have with Taylor, and a select few other celebs, are beautiful souls who could help The Reconstruction of EArth,....

if they were allowed, and if they wanted.

With in 1 to 24 months, this Soul Group is going to break the quarantine, and get to The Next Level, anyway.

In the Next level, they most likely have the technology to put people into whatever body they want. So whatever flesh suit you are trapped in right now... is... as Christopher Walken says... *of minor importance*. Not long til we succeed.

Some optimistic predictions say 1 to 3 months.

So all we have to do is sit tight, eat oranges, tough out the winter, and wait for the Buddha to come to the Metro station.

There are already videos of Her being picked as The Alien Ambassador, anyway...

If she changed her mind, there are dozens of other competent people.

So be happy, eat flies, and stfu.
