### How do you jack into this SIM from base reality?

Ready Player One haptic suit?

Matrix pod-salt bath?

Do you need to go to AMC HQ, or log in from home?

### Re: How do you jack into this SIM from base reality?

Base reality is formless and so are you.

### Base Reality is Pure consciousness.

Everything is a product of consciousness, *which is not bound by any axis.*

This only seems real because a piece of your consciousness either chooses to believe it is real or has been mesmerised into thinking it is real, or is simulating thinking it is real in order to experience it.

It is a mental construct. The problems answers and questions are mental. Learning is a mental experience. The more you learn and know the more you can create.

It gets elaborate once a being (an organised band/zone of consciousness) gains higher Order logic functions.

*Jacking in is simply observing.*

It is likely this is just one point of observation for your consciousness, which has to broadcast the signal as part of the act of observation. The price you pay sort of thing.

Many beings all observing the same reality makes it stable...*as long as they all believe the same things about it.*

Acceptance of all things is an Upgrade. It allows more to the individual. When you stop trying to impose limits on other you cease to be limited.

Acceptance places your consciousness at the fluid levels where there is no conflict. This is where we make super orders.

Dualities are "PVP" competitive spaces. You can't really die because you are a consciousness.

Your Soul is the observation and recording point.

Some "people" are player killers.
