If you are not with him ans are still invested of the world...you are on the wrong bus.

Kingdom of Heaven is what Jesus preached, not save the world. He told people to reject the things of the world and try to get back to the Kingdom of God where you will no longer be in poverty.

If you are so powerful, then simply contact Him in a non-intrusive way and tell him. I think He would have an open ear but hates lying, so be of truth and things can work out.

Nope. He already proved himself. Now the question shifts onto you and everyone else.

Are you worthy?

Unlikely.

Which means there's not many options for you, but fortunately there's one.

All you need to do is get on your knees and worship him.

And obey his every command.

Or he might cut off the serpent's head, slice open the belly and save a scared rabbit. Especially if it had been foreshadowed in a dream.

No thanks, for I shall have absolutely nothing to do with the impious iniquity trampling and transgressing with the continued breeding of mankind among sons and daughters of men.

And the only way to cleanse the world from axis of evil deeds mess is help from extraterrestrials force. Luckily they are here and prepared to evacuate the mass with light in them.

Time machine back to mid 1970 on the day I was reborn before Windrush is the impious only hope.

After twenty years of serapticious, collusive, hate filled, sabotage, I think all that is left is, "hey, you passed the test brah!" Lol! Yeah, nice try but it won't cut it.

Refer to the gospel of Hervey Cleckley; all psychopaths do is lie and they can never be reformed. Going to have to go with Cleck on this one ;)

That might be a correct emotional reaction, but there are practical issues here.

Once compensation is given freely, and they use their media influence to promote useful projects, the reconstruction can be sped up 100x.

But yes, they need to cease with the dominant frame act.

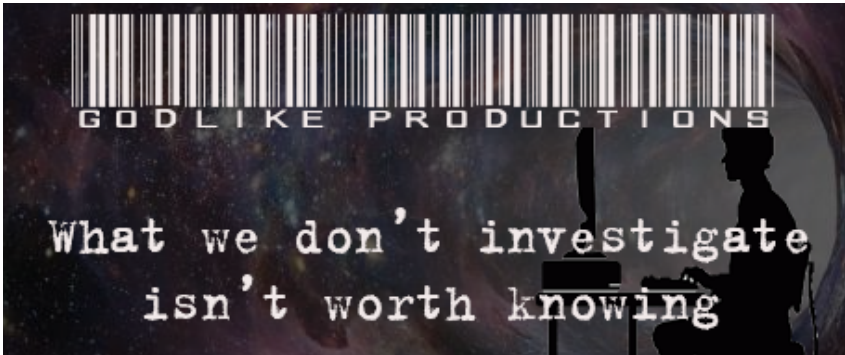

One of the worst things about the Nephilim is they honestly think a smile and a beer can wipe away all their sins. This is why no one trusts them. I hope they fix that particular characteristic, and realize it will take money, and focused work over decades, on their part to fix their mistake.

They also need to stop offering titles.

Anyway... look to a better future... these threads are a big step forward, so lets continue, and look forward to an interesting winter.
