Re: rare occult books?

Since wishey is an fledgling occultist I will offer some of the best books I have read in my own personal development. Someone more spiritual will have others I'm sure :::

The Consciousness of the Atom
 The Soul and it's Mechanism
 - Alice A Bailey

The Secret Doctrine
 - Madam Blavatsky

The Key to Theosophy
 - Ledbetter

Best!

I had one from a used bookstore so obscure and old about the Duat it inspired me to make a thread on it. It cannot be found on the web.

Re: rare occult books?

If you go on piratebay and search occult library there is a torrent by cirusthevirus. It has hundreds of book and they are all classics.

You can get most of blavaski's books on pdf drive for free, pdf drive is quite good for occult books if you know what books you want

Reissued version comes out in January with pre-orders now for \$500.

I have the soft cover version. It's exactly the same.
