Any Elites just f'ing fed up and ready to join the White Hats?

You know, the adrenochrome supply getting low and your are F'ing pissed cuz other people, normies; are able to stay young with positivity, raising their vibe, taking supplements and eating healthy? Plus you've aged like x10 as fast without your supply.

You are tired of the "collateral" the other Psychopaths have on you.

You sold your soul, but realize it was a bad deal you want out of.

Your realize "there is no honor among thieves" and wonder why you ever trusted these folk enough to sell your soul.

You realize the populace is waking up, and you could actually be in danger unless you switch now and hope no one ever digs up your past.

Looking Glass told you the WH eventually win this, and your side is the "winningside" regardless of ethics or ideology?

Other reasons? Please tell:
