Intelligence drop right here... on the game of the truman show

How I defeated gangstalking back in 2020

Rule 0. (Forgot this in earlier posts). Cut toxic people from your life including those without the mental ability to see through the bullshit

1. Do not feed the evil tulpa who may appear as savior but start to demand things from you later and even manifest demons in your environment
2. Know that dreams have no meaning
3. Do not fall for satanic wappies who tell you "you must wake up" because you don't.. just live your life bros.  
  
Its not the gov who is doing this shit to you but its these losers who are suckered into a self-playing videogame of violent self-destruction
4. Nobody is watching or following you. These are delusions. Some delusions are classical. Look up DSM5 and psychology
5. Drop all religion now. Drop all spirituality now.
6. Do not pray. Prayer instructs your mind you are powerless and in need of external saving and it reinforces your own weakness.
7. Do not wait for god to save you. You are actively creating an external power in your mind (which will become real for you... and will try to get control over you-tulpa magic) and admitting to higher powers is taking your original true power on earth away
8. Don't be evil in general ... others will figure out they are doing wrong things sooner or later

9. There are no sides in this. There is just you.

10. Get off toxic internet forums

**Re: Intelligence drop right here... on the game of the truman show**

If you do all these things.. anyone wanting to "manifest shit" only "manifest shit" for their own life/group/people

I kid you not. It worked and was proven to me repeatedly

These rules are like that book "The Secret" but in contrair to that book, these actually work.

This ^^ was the massive intel dump I was working on for yours, for you to have!
