God is actually a Human

Happened over 1000 years ago, He has been reincarnating here on Earth since then.

The Illuminati call him The Anomaly, They have been following him since his Birth. They do hate him though, but cannot harm him.

Re: God is actually a Human

God used to stand around 27 feet tall(he is now of course a regular Human), what is unknown is what will happen to the Anomaly when the Annunaki on Nibiru return and he regains his power or is punished for being a mortal for so long. It is said when Nibiru returns,, The King of The Annunaki will choose 144,000 Humans to take with them as the best of Humanity.

Re: God is actually a Human

I no doubt that God has a temporary body here on earth. But not like what u thinking. Not a birth body. He is not Stuck to it.

He can come and go with his temporary material body. Semi-physical.

There is a God aspect that is connected to everyone in all of us. What we do to another human being will me magnetized within us.

" The Anomaly" as GLP calls it and "The One" as the Members of High Society call him is a VERY HOTT topic at backroom meetings and castle side dinners.

What is most talked about is "if" such a person where to be given the powers of a god during the coming three days of darkness, what would happen to the world? More and more division is stirring between Members of the counsel and major party members, the actions of the present and past do not sit well with The One, and if given immense power He could likely turn the entire world into the dark ages "just for fun". The Anomaly seems to have a very immense Dark and Light side, when action is taken against him that is dark he becomes much darker than even the void, when actions are taken against him with light he seems to blind all in his path. These are just spiritual assessments made from high level Daemon Possessors, previous spiritual attacks have actually killed the Humans doing rituals against him. His presence has been known since his birth but only about 5 years ago did it become widely known among All Members of High Society.

It is said he gave up his powers willingly to come here and be apart of his creation, has been stuck here ever since. (around 100 years after he gave the throne to Jesus)

Many high level satanist's have died in ritual trying to watch him. This has reduced the number of people who attend these types of events and has created a divide in religion among the High Society. The counsel is fairly evenly split between worshippers of a single God of light unnamed and Satan.
