Re: What's the anomaly up to? Any remote viewers out there watching his "Truman Show"

What is that red haired Leo up to these days!?

Quoting: **1313 84881235**

Which one?

The show doesn't require remote viewing or it would not be the Truman show.

Anyone can spy on anyone in the world by viewing them remotely. If it was done that way how would anyone have worked out how to spy on let alone become popular?

If you only spoke English, they could show it to non English speaking nations and Truman would never know right? If he only spoke English.

The Authorities show off their tech making their Show. They are showing you they can see anyone anywhere in every detail to frighten everyone into submission.

Maybe if you don't do as they say they screen your life for everyone else until you do?

Not so funny now is it.

If he is on the block for your entertainment today *you can be sure it will be you next.*

Re: The Illuminati was made a offer they couldn't refuse.

Their world is built on the idea that time is linear and unchangeable. From it they derive their power and influence. Interest rates, propaganda, punishment, and even hope are predicted on this notion. They have grown into forward-thinking beings adept at manipulation of the future, but they hold no power over the past. Therein lies their weakness and our true hope. They have spent so much time and effort making individual contributions to society trite and meaningless, while diminishing the power of the individual. When they find an individual that gains power apart from them, they are alarmed and withdraw to create a plan to smash it. All this time, they don't realize maybe this person is a blessing; free from their faults, independent of their system.

Unto thee, O man, have I given my knowledge. Unto thee have I given of Light. Hear ye now and receive my wisdom brought from space planes above and beyond.

Not as man am I for free have I become of dimensions and planes. In each, take I on a new body. In each, I change in my form. Know I now that the formless is all there is of form.

Great is the wisdom of the Seven. Mighty are they from beyond. Manifest They through their power, filled by force from beyond.

Here ye these words of wisdom. Hear ye and make them thine own. Find in them the formless. Find ye the key to beyond. Mystery is but hidden knowledge. Know and ye shall unveil. Find the deep buried wisdom and be master of darkness and Light.

Deep are the mysteries around thee, hidden the secrets of Old. Search through the Keys of my Wisdom. Surely shall ye find the way. The gateway to power is secret, but he who attains shall receive. Look to the Light! O my brother. Open and ye shall receive. Press on through the valley of darkness. Overcome the dweller of the night. Keep ever thine eyes to the Light-Plane, and thou shalt be One with the Light.

Man is in process of changing to forms that are not of this world. Grows he in time to the formless, a plane on the cycle above. Know ye, ye must become formless before ye are one with the Light.

List ye, O man, to my voice, telling of the pathways to Light, showing the way of attainment when ye shall be One with the Light. Search ye the mysteries of Earth's heart. Learn of the Law that exists, holding the stars in their balance by the force of the primordial mist. Seek ye the flame of the Earth's Life. Bathe in the glare of its flame. Follow the three-cornered pathway until thou, too, art a flame.

Speak thou in words without voice to those who dwell down below. Enter the blue-litten Temple and bathe in the fire of all life.

Know, O man, thou art complex, a being of earth and of fire. Let thy flame shine out brightly. Be thou only the fire.

Wisdom is hidden in darkness. When lit by the flame of the Soul, find thou the wisdom and be Light-Born, a Sun of the Light without form. Seek thee ever more wisdom. Find it in the heart of the flame. Know that only by striving can Light pour into thy brain. Now

have I spoken with wisdom. List to my Voice and obey. Tear open the Veils of the darkness. Shine a Light on the Way.

Speak I of Ancient Atlantis, speak of the days of the Kingdom of Shadows, speak of the coming of the children of shadows. Out of the great deep were they called by the wisdom of earth-men, called for the purpose of gaining great power.

Far in the past before Atlantis existed, men there were who dived into darkness, using dark magic, calling up beings from the great deep below us. Forth came they into this cycle. Formless were they of another vibration, existing unseen by the children of earth-men. Only through blood could they have formed being. Only through man could they live in the world.

In ages past were they conquered by the Masters, driven below to the place whence they came. But some there were who remained, hidden in spaces and planes unknown to man. Lived they in Atlantis as shadows, but at times they appeared among men. Aye, when the blood was offered, forth came they to dwell among men.

In the form of man moved they amongst us, but only to sight where they as are men. Serpent-headed when the glamour was lifted but appearing to man as men among men. Crept they into the Councils, taking forms that were like unto men. Slaying by their arts the chiefs of the kingdoms, taking their form and ruling o'er man. Only by magic could they be discovered. Only by sound could their faces be seen. Sought they from the kingdom of shadows to destroy man and rule in his place.

But, know ye, the Masters were mighty in magic, able to lift the Veil from the face of the serpent, able to send him back to his place. Came they to man and taught him the secret, the Word that only a man can pronounce. Swift then they lifted the Veil from the serpent and cast him forth from place among men.

Yet, beware, the serpent still liveth in a place that is open at times to the world. Unseen they walk among thee in places where the rites have been said. Again as time passes onward shall they take the semblance of men.

Called may they be by the master who knows the white or the black, but only the white master may control and bind them while in the flesh.

Seek not the kingdom of shadows, for evil will surely appear. For only the master of brightness shall conquer the shadow of fear.

Know ye, O my brother, that fear is an obstacle great. Be master of all in the brightness, the shadow will soon disappear. Hear ye and heed my wisdom, the voice of Light is clear. Seek not the valley of shadow, and Light only will appear.

List ye, O man, to the depth of my wisdom. Speak I of knowledge hidden from man. Far have I been on my journey though Space-Time, even to the end of the space of this cycle. Found I there the great barrier, holding man from leaving this cycle. Aye, glimpsed the Hounds of the Barrier, laying in wait for he who would pass them. In that space where time exists not, faintly I sensed the guardians of cycles. Move they only through angles. Free are they not of the curved dimensions.

Strange and terrible are the Hounds of the Barrier. Follow they consciousness to the limits of space. Think not to escape by entering your body, for follow they fast the Soul through angles. Only the circle will give ye protection, safe from the claws of the Dweller in Angles.

Once, in a time past, I approached the great Barrier, and saw on the shores where time exists not, the formless forms of the Hounds of the Barrier. Aye, hiding in the mist beyond time I found them; and They, scenting me afar off, raised themselves and gave the great bell cry that can be heard from cycle to cycle and moved through space toward my Soul.

Fled I then fast before them, back from time's unthinkable end. But ever after me pursued they, moving in strange angles not known to man. Aye, on the gray shore of Time-Space's end found I the Hounds of the Barrier, ravening for the Soul who attempts the beyond.

Fled I through circles back to my body. Fled, and fast after me they followed. Aye, after me the devourers followed, seeking through angles to devour my Soul.

Aye, know ye man, that the Soul who dares the Barrier may be held in bondage by the Hounds from beyond time, held till this cycle is all completed and left behind when the consciousness leaves.

Entered I my body. Created the circles that know not angles, created the form that from my form was formed. Made my body into a circle and lost the pursuers in the circles of time. But, even yet, when free from my body, cautious ever must I be not to move through angles, else my Soul might never be free.

Know ye, the Hounds of the Barrier move only through angles and never through curves

of space. Only by moving through curves can ye escape them, for in angles they will pursue thee. O man, heed ye my warning; Seek not to break open the gate to beyond. Few there are who have succeeded in passing the Barrier to the greater Light that shines beyond. For know ye, ever the dwellers, seek such Souls to hold in their thrall.

Listen, O man, and heed ye my warning; seek ye to move not in angles but curves. And if while free from thy body, thou hearest the sound like the bay of a hound ringing clear and bell-like through thy being, flee back to thy body through circles, penetrate not the mist before.

When thou hast entered the form thou hast dwelt in, use thou the cross and the circle combined. Open thy mouth and use thou thy Voice. Utter the Word and thou shalt be free. Only the one who of Light has the fullest can hope to pass by the guards of the way. And then must he move through strange curves and angles that are formed in direction not known to man.

List ye, O man, and heed ye my warning: attempt not to pass the guards in the way. Rather should ye seek to gain of thine own Light and make thyself ready to pass on the way.

The Emerald Tablets of Thoth a.k.a Hermes the Great Master of Wisdom

Chapter 3: Ashtar's Personal Frequency

It is one thing to understand the Etheric nature of a Being; it is another matter to know his personal vibrational keynote. What is Ashtar really like beneath his seeming stern ~ militant demeanor?

As a Universal Statesman of wide renown, his policies of nonintervention and support of Man's Right of Choice are respected and supported. He deplores the manipulation tactics of the World's "Illuminati" Secret Government and its grip upon Mankind.

Hermes, the Great Master of Wisdom, has a loving comment to share with us:

"I speak in my capacity as Universal Teacher of many things. I join with you in honoring One who has been in service with us for a longer time than I can remember. Our Beloved Brother in the Light, Ashtar, has been one for whom I have had much respect and admiration. We have learned in the spiritual Hierarchy that we can depend upon him to discharge a task with dependability, responsibility and ingenious expertise.

In his earliest venturing forth from Venus on this appointed task to serve the Universe by lifting the vibrations of this Planet, he was a most courteous and benevolent volunteer. I recall his genuine eagerness to place himself at the disposal of Archangel Michael and the Central Sun Hierarchy. He was immediately accepted, for his record on his home planets of Venus and Ashtar (a planet) were exemplary and noteworthy. He stationed himself immediately at the right hand of the Beloved, and has, one might almost say, never left that position - at least, theoretically. He is a staunch defender of the Truth as taught by the Master and an ardent foe of its opposition. He has been well trained by Archangel Michael in the subtleties of dealing with the dark brothers of the left-handed path. He respects them as part of the Father's Creation, but fearlessly deals with their devastating programs and will not tolerate their restrictions of Man's freedom."

Their main huge error was underestimating God's power and wisdom. And still they don't know it. Well, look what happened, a single human outside their influence.

No one is aware of God's infinite potential for allowing or controlling the evil in a million and more inventive ways. Our Father never is unprepared for any situation and never runs out of options for any being.

It's really sad that some people will have a very difficult time to understand it.

For shits sake.

I can not even with these retard stories.

During the retard Rosicrucian opera I've been taken care of like a spoiled monkey. Same with salad tosser of Lexington Massachusetts. A Marine Corp Colonel knew I had already lived through hell. For my 40th birthday they sent me on 3 separate birthday trips. Assclown midget fart football coach got to visit with his favorite quarterback that he has a guy crush on.

Apparently someone lied and told you we were being tortured during the opera. I usually

get a massage at least once a week and King Solomon the midget fart is always a spoiled ass butthole.

Speaking as one of many Trumans...

I understand the penalty for revealing something like that without being asked, could even be death, right? So you have to be understanding of that.

A lot of them are trapped by the rules. We're all kind of trapped. So it's a case of being diplomatic, and figuring out a strategy that will work over 6-24 months. No point in interrogating people.

The people I hate, are the ones that are on set, but don't even treat me, or anyone, with any respect.

I'll define On Set.

That means: being within 20 meters of me when I'm walking around. The bottom 30% of people on Earth right now have a kind of "hahaha, we don't like Truman" joke between themselves.

From my particular show... one example, that filthy bitch Ebbie, the German girl at band practice. Like, what was that inhuman c**t doing in the same room as me? If you don't like me, get out of my face.

The other ones I don't like, are the ones that pretend to be your friend, but obviously hold you in bourgeois contempt. Aren't the Hippy is one example. Not the worst guy ever, but deeply snobby in his own way. So why solicit my company?

I actually don't mind if someone is paid to act in my movie. Cos I get paid to talk to people in my Taipei job.

What I mind, is someone talking to me, pretending to be friendly, and obviously rolling their eyes and smirking behind my back. Like, I do NOT need that. I can walk out the door with my shovel guitar and meet tons of cool people. So I don't need anyone thinking they are doing me a favour by pretending to be my friend. It's shtoopid.

I worked out, around May this year, that when you fire someone from your life (respectfully part ways) someone **better** will come along.

I've been playing with this mechanism, and ruthlessly slinging people out. Haven't been arguing, or swearing at them, just quietly parting ways, and still chatting to them if I bump into them in town. Dr Ramani calls it Grey Rock. I figure I can chat to anyone for 5 minutes.

I realized the art of acquaintaintceship, is almost more important, and difficult, than the art of friendship.

There's a magic in the universe which means that when you decide you won't accept certain behaviour, the universe will send someone better.

Anyway..

We can file the above under venting. I rant and vent on GLP a lot. Actually my life is ALOT better than before. And one of the groups which has nudged me up the mountain is GLP.

So thanks everyone. Let's try and make this a Brilliant Winter.

Switch off the f**king news, tidy your house, put on your best music ever, and **live**.

It won't be long before we break the next abstract barrier, and get to the next level of Freedom.

Re: What's the anomaly up to? Any remote viewers out there watching his "Truman Show"

OK, so... I like vegan food.

There's a dude called Xiong Yeye who runs a vegan joint near my house. He is not the nicest guy. He was rude to my friend, and rude as a motherfcker to me too.

I'm allergic to soy and soy products. If I eat any, it can affect me for 24 hours. So I avoid that crud like the plague.

This February, I went to his place, and ordered a few dishes. Each one came with a black sauce. Black sauce could well be soy in China. So... each dish he brought, I asked him very nicely, "is this soy sauce?"

First time he said no.

I checked the second dish, he said no again... (It could be a different black sauce every time)

He brought the third dish... I asked him, "sorry, is that soy sauce." I really have to check, cos Im allergic to soy sauce.

He blew up at me and shouted "THIS IS NOT SOY SAUCE" like Im a dumb, stupid fool. His voice was full of anger and contempt.

A lot of other people don't like him either.

So, my question.

What is this filthy, filthy, animal doing running a vegan joint fifteen meters from my house?

I mean we're supposed to be bringing hope and joy to millions, right?

So why can't Kriss Kross and whoever actually put someone I LIKE running a vegan joint near me?

Is this The Truman Show, or is it Cabin in The Woods?

I know this is relatively petty, and I know we're in the middle of a yuge war. And it probably sounds like such a small thing. And it is. But s**t like this happens a lot.

30% of people on set are bullying-wankers...

But the top 30% are pretty cool. And it's getting better fast.

The Good News... these f**kers I don't like are literally disappearing from this world.

That fat w**ker Xiong Ye Ye hardly has any customers now. I hope he packs up and leaves.

I worked out a while back, that if you ignore someone, they just wilt away.

Anyway...

LIFE IS BETTER NOW.

I am focusing on the positive, but I have a LOT of venting to do.

Peace!

Re: What's the anomaly up to? Any remote viewers out there watching his "Truman Show"

All these anomaly threads are just potential for people who want the job.

Would you really want that job?

So Sirius signifies The Awakening right?
It's like the first star that wakes up the adept, or something...

And Truman is woken up to the nature of his reality in that scene.

So I guess we have to meditate with Sirius more.

I went to a Pirates of The Carribean ride in Disneyland when I was a kid. I was maybe 14, IIRC.

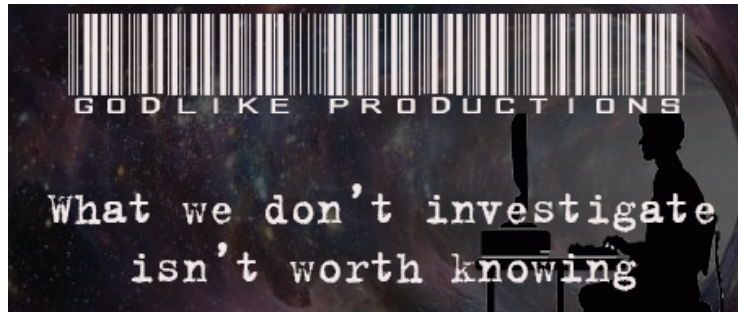

The whole damn ride was a planetarium... you could go in the afternoon, and you'd be walking through a village at night.

I remember thinking even then... you could give birth to a kid there, and just tell him the Pirates of The Carribean ride was the whole world. He wouldn't know any better.

As long as everyone played along, you could trick him till at least age 14.
