Yeah. We know exactly what your retarded plan is.

You want to push us out while we're still half-mature... and hope we make fools of ourselves in public. Capture something idiotic and put it on YT.

Why fall into that snare?

Much easier to move armies using our minds...

It's working jus' fine in China, innit?

So why bother with the street agitator BS?

You want a public fight, so you can convince the crowd to kill, mock or betray us.

You play pathetic chess.

We keep office hours. Go walking in public almost every day.

Are you a true man or women?

Come and say hello onstage. Want to talk about compensation and a peace plan?

Its you guys who insist on playing 20 rounds of Sodomite Risk. Everyone else is bored of you, and wants to start the reconstruction.

Watch a ton of rocks don't fall on your heads.

Could happily play this game another 20 years.

It's getting more amenable every day.

Blessed be.

Re: You can't keep hiding forever you know

Whats his role? Will he ever join us?

Quoting: **Anonymous Coward 84833337**

There are tons of us here.

Fix microfinance and try an ascension path.

Not join. Nor reject. Cooperate on open source projects if you approach respectfully and sincerely.

Just don't try and manipulate, else you'll get nexted. The 2022 list of fired actors is long.

Aren was the favourite to be fake best friend... he became too disrespectful, and his timeline was incinerated in 5 seconds. Same with The Captain. WTF is wrong with you covetous, chauvinistic sad sacks?

Just ranting. Don't mind me.

The future is getting brighter every day.
