Arctan present, peace will not exist until EA allows the planet to ring at it's natural resonant frequency.

Quoting: **Anonymous Coward 84183966**

That would require the removal or the destruction of the Moon to accomplish.

Quoting: **Anonymous Coward 73011632**

What about retuning Her?

And booting out the more recalcitrant factions of the Production team?

Quoting: **Daozen**

The Moon isn't native to EArth, its a siege weapon.

Nearly every problem we face is caused by the Moon.

Quoting: **Anonymous Coward 73011632**

No argument here.

But how do you propose to accomplish this?

Is getting New Management feasible?

Seems the Cabin in The Woods faction are being edged out quickly.

Im afraid I never completed my GNVQ in PLANetary Law, thus the flailing.

Nor did I turn up to my YTS training scheme.

To answer your question, no forms quite as before, we will simply carry motions here...

We will provide a form to sign, agreements must be made in writing, within 30 minutes to 24 hours.

If the form is unfilled, and the motion is unchallenged, it will be cordially Fired Throughout All Our Creation.

All those who disagree can simply go to the far left side, or outer darkness.

Free will is respected at all times.

The process will be streamlined and simplified.

Good question.

Re: Who can Mediate between the Various Factions? Is a Truce possible?

it's already been done.

call it a truce if you want.

it's just conflict resolution in it's purest form.

Quoting: **Anonymous Coward 74670490**

I can certainly see that agreements have been made on other levels, and they are filtering quickly to this reality.

I can see the ice thawing quickly.

From my side, and many on EArth, there is no peace until:

- I get passage in and out of the stage world.
- The news narrative changes to support The Reconstruction.
- Stage monies are released to ALL affected parties.
- I get increased mediation, like Saturday Saul, but from more groups.

No one should expect to broker a closed-door deal and walk away whistling innocently. CentX has the right idea.

But yes, recent energy waves are truly encouraging.

But it's not done until AT LEAST those 4 requirements are fulfilled.

Quoting: **Daozen**

i'll rephrase:

the song has been sung

the factions gave up what they needed not, regardless of their understanding of said needs, in the moment.

those that could not see fit to release their "knot-needs" ceased in their progression...and diminished.

a resolution of elemental re-proportion...

the subsequent understanding unfolds in the reverberating waves of the tonal accord...and those who let go of the "need-knots" have acquired the space to contain and align the master key, thus opening the door from within.

all of which is the current process we are living/witnessing now.

much like the ainur dressed as the valar after ainulindalë

Quoting: **Anonymous Coward 74670490**

Wonderful news.

And how will it play out in Danshui?

What of our friend in Egypt? Will he get some onstage friendship and fun?

Does he not deserve it, 1000x over?

And what of T, Rainman of Huilong?

Will you leave him to sulk in his cube?

Could he not be building crystal palaces?

The various filmmaking parties can do better

Until the 4 conditions are fulfilled, outlook will be Frodo with brief bursts of Carrie.

Quoting: **Daozen**

how any of it plays out was never part of my curriculum or even my concern in the moment....other than getting home.

the mediation, if one can call it as such, was merely part of the topography of self-preservation on that way home. it simply became necessary.

so, i have no specific answers on such matters....only to say it manifested less as a truce and much more as an acceptance of something long forgotten.

a forgetting of which allowed aspects of elemental origin to misidentify as principals of the design, thus creating the illusion of a fundamental systemic incoherence.

but due to their true elemental nature, even though that nature was forgotten by them, all they designed was still a harmonic relative of the original notes of the ancient of days.

it thus created a truly ancient song, that had never been sung...

names and titles were not essential as they resolved into overtones in what was, in all fairness, a death song.

though it sounds to me as if you are keyed to some of these principal names....i, on the other hand, am merely passing through.

Truly Beautiful, and worthy of being read 10 times.

But if it is within Your Reasonable Power to provide MP4s of the Guided By Voices car sessions, and other named Great and Secret Show scenes, You May Not Leave or Go Home, until you fulfill your Duty.

It would cost you Nothing to Anonymously Drop a USB with MP4s in Danshui... and there is No Reason why you cannot.

To not do your fullest to create a Stage World True Happy Ending, is... regretfully, a shirking of Your Duty.

You do NOT get to walk away from this...

Any objections?

Re: Who can Mediate between the Various Factions? Is a Truce possible?

Motion The Third

All Livestreaming Industry Parties are required to Agree to the Following Terms within 45 minutes.

Answers will be given by Saturday Saul.

- Trumans are to be given more Stage World mediation.

-Suffering Trumans, like Our Friend in Egypt, and T of Huilong, are to be given immediate physical world assistance.

- Immediate physical world assistance is defined as follows:

A mediator-friend approaches, "bumps into them" on the street. Strikes up a conversation. If they mention ANY health difficulties, they can be taken to the nearest health store/organic market, and the mediator-friend can buy them what they want, within reason. That is WELL within the continuity of any "movie".

Furthermore, they are to be provided reasonable and handsomely paid WORK or training, according to their skills.

I am doing alright, many of my brothers and sisters are not.*

Please sign your agreement in full, in all relevant zones, by 1pm today, Saturday December 17th.

You are welcome not to sign. Non signatories shall be declared unwelcome guests in This Private Universe.

The Frodo Reconciliation Department shall oversee this Declaration until 12:55pm today.

Those who do not agree by 12:55pm, will be handed over to The Carrie Department, for the drubbing of The Century.

Don't try and wheedle your way out of this in The Other Office. That is a massive, massive liberty to take.

Dire warning issued.

- This is NOT a learning zone. It is a livestreamed torture chamber.

Sworn Under Penalty of Perjury,

Daozen Abraxas-Baggins.

You are no friend of mine.

You can consider Saul's passed on message "You've got no proof", as the day my patience ran out.

I cannot stand that upper-middle class Nephilim, IveSuckedMoreCocksThanYouSo-I-RankHigher Catamite Swagger.

I do not like this "Let's just keep quiet and walk away from this" approach.

It's cowardly, parasitic, and plain annoying on a thousand levels.

You do NOT get to slither off.

You could carry out the mediator-friend operation with FULL anonymity, and full stage-world continuity. From my side, it just looks you are too lazy, arrogant and cowardly to do that.

Am I wrong?

You can explain if you want.

Withdrawals are more powerful than demands.

I guess they are clearing out the unwelcome cities in TX and beyond.

It bears rereading.

When they agitate/create friction... they get energy.

YOU.

Your "implied" consent carries no weight as you should know. Contract law is predicated on tenants such as full disclosure, freely entered, performance, etc.

Your statements carry none of the requisite requirements.

Do not speak for others.

I wrote a long reply and then the browser swallowed it. Maybe that's an omen.

May I ask some questions, your Lordship?

- Under what authority are you speaking?

- Do you have any claim of power over me?

- Do you cooperate with any members of the Abraxas family?

If you could shed some light on the final question, that would be interesting.

Please be aware that there any many, many groups I could end up working with. No one is essential... meeting more people every day here.

If you wish to hold my interest, maybe you could drop some True Knowledge... help me figure out how to get funds, that would help.

Basically, what's the point of me learning how to access my Trust, if the process is blocked at the highest levels, by forces unknown? Rules have been broken again and again. Do you see where I'm coming from?

So I will just go crowdfund some money, and ignore everyone else. the ERP guy might come through, too. Meeting an Engineer at 9am this McMorning. If I even manage to get 1500USD a month software funds, I could slam the portcullis shut on *everyone*.... Many options.

That's all for now.

A Bright Morning to You,

Re: Who can Mediate between the Various Factions? Is a Truce possible?

Do you know how many people I've s**tcanned in the last two years?

People who thought their benevolent guidance was essential to me, and that they were doing me a huge favour by taking this poor gutter boy under their wing.

What makes you think your Longpig n Onions Garden parties are any better than something I could organize by the river in Hualien, Kunming or Na Trang, with 30 USD and a Ukulele? A bottle of Jaeger cost 275TWD, FFS. Ukulele = free. Mobile phone and a speaker: 50USD. Browser software and Github = Free.

Quit talking to me like that, or you will get booted even further into the outer darkness.

Thank you for taking the time, Your Lordship.

ALL CAPS. Very refreshing.

- I don't recognize any claim over me. Could you put it in writing. Otherwise This Universe will consider your putative claim Null and Void. Understand that I take you utterly seriously, and I say this with the deepest regret.

- You may be correct that it's only my inability to understand something "so simple" which is impeding my ability to access my trust, or other such operations. I still feel it's 30 to 100 hours research, and I'd prefer to put that time into software, and raising funds for an app.

You need some money for legal the paperwork, anyway... so again, its best to start with software.

I also don't like humanity much any more, haha. So why take the time? I also find it amusing watching you all trying to patch up the MATrix by your own good selves, and failing, because you are too proud to come and ask for assistance from my team and I.

- No, I wasn't asking for a stipend... Really just some ideas. Anyway, nvm.

I'll figure it out myself... being screwed around with again and again these last few years has given my an inexorable resilience.

-O-

We can continue questions on this thread another time, if that were amenable to you.

If you can prepare the "paperwork" which proves your imagined "ownership" or "authority" over me, I'd surely like to see it.

Shall we say by Monday, 5pm, Greenwich time?

Faithfully,

Doozle
