#### Re: Lucifer and the Black Sun

Starts in 17 minutes.

Should be fun.

Quoting: **Daozen**

So what did you think of it?

Quoting: **Anonymous Coward 84811864**

informative.

I think that the term "Lucifer" was hijacked and made to be evil, when it actually means light bringer. As for the term morning star, Jesus referred to himself as that in Revelation if I'm not mistaken. Some interesting points to consider, religions have changed or have been altered to change the context.

Quoting: **Anonymous Coward 56547446**

It was translated as Lucifer from Strong's H1966 1x in Bible in Isaiah 14:12. There was apparently a being that emitted a ton of light, and whoever it was, it became corrupted and fell and did bad things.

So you don't subscribe to the ages old description of the planet Venus as the morning star, the brightest object in the sky before the sun rises and after it sets? Sure it could be symbolic of a being, Jesus also referred to himself as morning star in revelation if I'm not mistaken.

They didn't become corrupted, Satan and Lucifer are two different beings.

Satan usurped the throne of Heaven, Lucifer was the legal heir and resisted, Lucifer lost the fight and Satan won.

Now Satan tells humans that he is God and created the 3 Abrahamic religions to serve him, and teaches that the God of Light is evil, so you will worship Satan instead.

Lucifer is the Morning Star. Venus. Brightest Star in the Heavens.

The only star that dares shine at dawn.

Who hates the light?

Who reviles the hopeful morning?

Who hides from the truth of Venus?

### Re: Lucifer and the Black Sun

Venus being Lucifer is one of the biggest lies ever told.

If your basis behind any of your theories requires this knowledge, your beliefs are based on lies.

You see Inanna(Daughter of Satan) and Marduk Ra(Lucifer) hate each other.

So they create disinformation campaigns about each other. Which mostly started in Rome.

Inanna wants to be called the Lightbearer, so she claims that Venus is the Lightbearer which is her signature planet.

As the demigod family of Inanna ruled Rome, and her family currently rules the whole solar system.

While at the same time, after his defeat on Earth, Marduk Ra fled to Venus, and where he lead the resistance against the demonic Elohim and continued his campaign to free Earth from their control.

Because of this, those who are loyal to Lord Sin Allah(Satan and the Abrahamic God) created false occult knowledge to give Inanna the attributes of the Lightbearer. While those loyal to Babylon and Atlantis honored Marduk Ra as the Lightbearer.

It's all based on smear and false propaganda, and of course because most of the secret societies are nothing more than the indoctrinated toys of the Elohim, they feed

them their dark magics and lies and then the secret societies parrot them as truth, because they never had real truth to begin with.

**Re: Lucifer and the Black Sun**

It's not like I run around like an intellectual trying to spout complicated sentences.

I know ultimately it comes down to silence and stillness. I'll get there.

I had a Severance chip/procedure done to me... so I have a different perception to other people. You can all see something I can't.

It might look blindingly obvious to you, but it doesn't to me.

Anyway, I'll get there. I remember KK saying "maybe it's easier than you think."

Barleygrass helps a lot.

I'll just continue resting in silence, and relaxing until I perceive the True Reality.

It's coming slowly now.
