Re: The Anomaly Defeats the Entire U.S. Army

If you place a concept six thousand years into some hypothetical future.... Its still gonna be a concept

Do it in reverse its still the same thing

Concepts are of the mind..... Truth is what you are

Regardless of how it is described

Re: The Anomaly Defeats the Entire U.S. Army

There is another point....

If your opponent forces you to either face defeat or cheat

Second option becomes the slower version of loss.

If your only option is to place blade in boxing glove.

You win the battle and lose the war

You might say...

The anomaly went for an interdimensional ride in his own body and hijacked some wizards to assist him.

Anomaly respected all God creations within the mentality of universes and there is no need for military within the subconsciousness of the etheric souls.

We are in third dimensions and at the mercy of our inalienable rights extraterrestrial brothers and sisters technologies superiority is the only hope to help both sons and daughters of man and men with light in them with space travelling in fourth dimensions and above.

You must remember that it was Poppy Mommy who created villain and the world changed with his unrighteous perdition of a fictional insanity pretending to be Lucifer the Archangel of Light.

Chapter 3: Ashtar's Personal Frequency

It is one thing to understand the Etheric nature of a Being; it is another matter to know his personal vibrational keynote. What is Ashtar really like beneath his seeming stern ~ militant demeanor?

As a Universal Statesman of wide renown, his policies of nonintervention and support of Man's Right of Choice are respected and supported. He deplores the manipulation tactics of the World's "Illuminati" Secret Government and its grip upon Mankind.

Hermes, the Great Master of Wisdom, has a loving comment to share with us:

"I speak in my capacity as Universal Teacher of many things. I join with you in honoring One who has been in service with us for a longer time than I can remember. Our Beloved Brother in the Light, Ashtar, has been one for whom I have had much respect and admiration. We have learned in the spiritual Hierarchy that we can depend upon him to discharge a task with dependability, responsibility and ingenious expertise.

In his earliest venturing forth from Venus on this appointed task to serve the Universe by lifting the vibrations of this Planet, he was a most courteous and benevolent volunteer. I recall his genuine eagerness to place himself at the disposal of Archangel Michael and the Central Sun Hierarchy. He was immediately accepted, for his record on his home planets of Venus and Ashtar (a planet) were exemplary and noteworthy. He stationed himself immediately at the right hand of the Beloved, and has, one might almost say, never left that position - at least, theoretically. He is a staunch defender of the Truth as taught by the Master and an ardent foe of its opposition. He has been well trained by Archangel Michael in the subtleties of dealing with the dark brothers of the left-handed path. He respects them as part of the Father's Creation, but fearlessly deals with their devastating programs and will not tolerate their restrictions of Man's freedom."

Heroes fighting coward's wars.

One day, the might of the Western Armies will be used to build huge vertical farms all over the world, erect low cost housing at lightning fast speeds, and bring innovations to the public.

If they still have testosterone to burn off, they can beat each other with customized pugil sticks, and play televised wargames in the Australian outback. War is fine, as long as all participants are explicitly voluntary. Make it somewhere between paintballing and real war.

There are white hats in DARPA, and the Navy, who are sitting on amazing technology. They are waiting for the private sector to get its act together. Its all in the public domain. Can't even blame politicians, too much. The public is just slow on the uptake.

No, that makes perfect sense.

And you escape once you no longer react to the mirror, right?

What happens then?

Obsidian stone as the one Nostradamus had by looking through the darkly screen like the black sun isn't suitable for the pure.

No wondered Nostradamus the prophet said 'like a cat pulling all the right strings'

SPEECH OF ANI. The Osiris Ani, whose word is truth, saith:- I am a perfect soul dwelling in the divine egg of the Abtu Fish. I am the Great Cat which dwelleth in the Seat of Truth, wherein the god [Ye]Shu[a] riseth.

SPEECH OF THE USHABTI FIGURE [THE CHAPTER OF NOT DOING WORK IN KHERT- NETER]. Illumine the Osiris Ani, whose word is truth. Hail, Shabti Figure! If the Osiris Ani be decreed to do any of the work which is to be done in Khert-Neter, let everything which standeth in the way be removed from him whether it be to plough the fields, or to fill the channels with water, or to carry sand from the East to the West. The Shabti Figure replieth: I will do it, verily I am here when thou callest. - Adoration of Re, Egyptian Book Of The Dead

IMO only the pure could understand the mirror to begin with.

What happens from there is a cat unraveling yarn
