I am as well.

I don't know how I'm going to get there but I feel like I will be shown the way. The universe is speaking to me now and I think will show me how to get to a utopia.

Re: Moving to Agarthā

Good luck OP.

I feel I will get shown the way there at some point too.

There are several civilizations down there, or "over there".

I wonder if that golfball crater model is true.

Several attempt have been made to get me out of here, since 2010, but they have all been scuppered, somehow.. I'm sure some, or all of that, is my fault.

I have many stories.

Suffice to say a fair few 'mysterious strangers'; have walked up to me over the years, since 2009. In 2022 there was a near stream of them. They appear to get warned off somehow, but I sense the coast is much clearer now.

I don't know if I'll have to go to China, or just wait in Taiwan.

Do they have internet connections there? Then I could build software and troll humanity forever.

If I can connect to Github, I can build an app from a Peaceful Garden.

My teacher has said conflicting things about the rules down there. From 'they have everything' to "laptops etc are not allowed'. He also said there are 'many rules'.

I'm also aware that we're 'self-testing' up here.

In Lucifer, he said "You will be here until you no longer need to punish yourself"

Exciting times.

I told my teacher, in 2010, that I wanted to go to Telos, but he was surprised. Like that was not the best choice for me, or something. I have met Telosians, and really liked their vibe... so I am always intrigued why my teacher didn't think that was the best place.

I'm sure there are a ton of places in the Himalayas. most of the topside cities there must be gateways.

My contact said "just relax... even if you do nothing.. someone will come and get you in 1-3 months."

I know lots of people in my town, but you're not supposed to ask direct questions about what's there. Just "work on yourself".

Anyway... exciting to be alive.

Re: Moving to Agarthar

There is a process, which is mainly not-spoken of, especially in Taiwan.

In Indonesia, they are more open.

In Taiwan... I had a friend who used to take me walking in the mountains in summer. He wanted me to move up there.

Once we were walking down a hill, after a few hours in a mountain farm.

He pointed to an abandoned house... I looked through the crack, and 'saw something'.

When I pulled my head away, my friend was staring at me intently, and smiling mysteriously, like I had nearly found a secret.

He ended up talking to me really scathingly and contemptuously, when I politely refused to build his overwrought Hakka tent design in the blazing heat, in a festival. I didn't want to deal with his janky emotions, so I never spoke to him again.

They (some of the local bosses) can't deal with that. They consider themselves subterranean royalty, and can't understand when someone won't put up with their under-the-radar games.

There's a constant subtle blackmail from many of the connecting groups.

"If you want to get what you want, you have to put up with our emotional abuse."

lol.

No.

They are completely surprised when no-one wants to play Dystopian Putz Gauntlet with them.

Re: Moving to Agartha

Another time, a hiker-programmer dude invited me hiking in the mountains. This was only 3-4 months ago.

He was alright.

We went walking up in the mountains. Met some interesting people... Life is different up there, your head feels really clear.

~O~

On the second hike, his hiker woman friend started getting all under-the-radar pissy with me. B**tched about my Chinese to an English guy we met. I admit my Chinese is not so good, but that's literally all she told him about me. She also talked to me in this snippy, condescending tone.

Ummm.

No

So I never went hiking with them again.

They cannot understand this.

The mystery they are guarding is so profound, and so coveted, they think they can can jerk people around with impunity.

I always said one of my superpowers is being able to walk away from anyone, and anything.

There is no greater prize in eXistenZ/ than drinking and singing with friends by the river... no idiot Palace,

or albatross-round-your-neck title can compare with that.

~O~

They surface mountain groups always seem completely blindsided that everyone is dog-tired of their idiot mind games.

But I realized that every time you get rid of someone... a better person comes along. It's scary at first, but you soon learn that this is a near Iron Rule in life.

Since I started ruthlessly but politely s**tcanning people, I've met an endless stream of better and better strangers by the river...

My time in the Land of Sad Bullies is coming to an end.

Hello Sir,

Please go ahead.

Do you think i have to jump on a plane to go to a different surface world, or can I open a door from here? I heard conflicting reports.

Options are

- 1) Stay in Taiwan.
- 2) Go to Shang-ri-la in Kunming.
- 3) Go to the Indian Himalayas / or Shigatse
- 4) Go to Indonesia.

I want to pass the tests in Danshui, cos air travel is a hassle... but not if it will prolong the process.

I would've travelled 2 years ago, were it not for COVID.

Re: Moving to Agartha

Thank you for your indulgence, GLP. I have a LOT to get of my chest. This site is therapy for me, as I don't have time for a therapist, or those pillow whack-and-scream sessions in California.

If my self-absorbed postings are inimical to your mood, Reader, you may scroll on by.

~O~

Another time, at the end of the Summer, a couple of westerners pointed out a local aboriginal guy to me... said he was a 'Local Boss'.

I first bumped into this boss in 2014, and he called me 'pa ren' 'timid person' right in the street.

Shrug. OK.

I will talk to anyone, and I wasn't scared of him.

In 2014, he was really giving it the Bad-Boy Nephilim swagger. Pirate hat. Heavy metal clothes. Trying to walk like a Badass. Subterranean cringelord.

A few years later...

In 2022, Mr Local Boss drinks like a fish, walks with a stoop, and comes off like a near broken man.

Not that I get a kick out of this... but why are people like this guarding the gates?

He acts friendly one minute, hugs me other times, and then gets all contemptuous with me the next minute.

Like most of them, he cannot for the life of him understand why this talentless monkey gets any attention at all. Have you seen how Lord R talks to me? Many of them are like that.

Ummm. Yeah. OK.

So I doubt I'll ever speak to him much again.

~O~

What they don't get, is that Im not going to run around to their douchebag cities, playing ukulele, juggling, and wheedling them to be nice.

More than happy to cut links forever. They are a **pain**, and its no skin off my nose if we never talk.

If we do communicate, it'll be on my terms, on my territory.

~O~

Actually, as Drakko propecised, I had a quietly amazing year in 2022. These unfortunate meetings pale compared to all the awesome people I met in the street. But I will keep their details secret, for their own privacy,

But so many of these people are unbearable loosh-drunk snobs.

I have no issue with that. It's their right to be an unbearable loosh drunk snob. Im sure I was at some point.

But they have no damn right, or talent, or integrity, to gatekeep anything.

I wouldn't trust them to Referee a game of Kerplunk.

I'm not going to argue with them, or cause any drama. The three groups I stopped talking to, I did it politely, respectfully, and with decorum. You don't make waves in Asia. I will still chat to any of them if I bump into them.

Glad I can write out all these stories.

That feels better.

Re: Moving to Agarthā

tl;dr:

They stole a ton of etheric royal jelly, so to speak.

Walked round LARPing at Kings and Queens for a few hundred years.

Now they're running out, and are only starting a hangover that might last 20 years.

~O~

They say, *if you go out with someone, watch how they treat the waiter.*

Your true character is shown by how you treat someone who's down on their luck. Anyone can act greasy to a King. but how do you treat Beggars? And how do you treat Beggar-Kings?

It's fair to say many of them failed with flying colours.

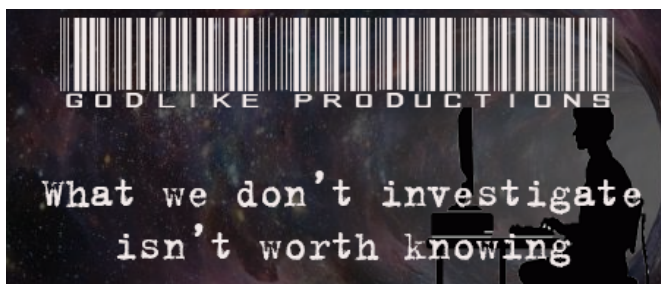

They revealed their true, ugly, snobf**k faces in front of the whole cosmos, and are murderously embarrassed about it.
