"Mum" has refused to sign an affidavit denying knowledge of the livestreaming industry for two months now...

I approached her very calmly and respectfully...

She's doing the same perjury dance as we see on GLP:

Guilt-trips, counter-questions, I'd never do that, etc. Massive long gaslighting emails, but no signature.

I remember her going awkwardly silent when I casually mentioned the Truman Show in spring.

Fact of the matter is you burned out my goodwill, and now I could barely care any more. I've seen that tons of GLPers were in some kind of program, and they ended up doing alright...

So...

Your move, KK and DMan.

Compensate or Ice-Wall.

Re: "Mum" has refused to sign an affidavit denying knowledge of the livestreaming industry for two months now...

Hi Dad,

- Those people caused me a fair amount of problems in Taipei, to say the least.

- If Mum takes thirty seconds to sign a form which I will send, it may put my mind more at ease. Im not answering a lot of counter questions, Im afraid. She has now refused for two months. It's you who are stalling, not me.

- If this issue drags on, it's entirely on you, writing very long emails, instead of taking a minute to sign a form.

- I would prefer you didn't act as an intermediary between myself and her.

- I recall it as two years of lies, and bullying me to believe in the pandemic. No point in going round in circles over this.I do not remotely believe you believe what you were saying.

- Im aware her health is deteriorating, and she may not be around by 2023 - 2024. I've thought hard about this, and really think I need to stand up for myself.

So... lets stick to brief emails until I get a signature from her, and maybe another one from you. **It would cost you far less time than these long emails. I have, BTW, video footage, screengrabs, and emails from these people.** So please don't tell yourself Im just imagining it all.

I was tipped off anonymously about Heeren Loo, went to their Facebook page, and saw someone who looked exactly like Dan.

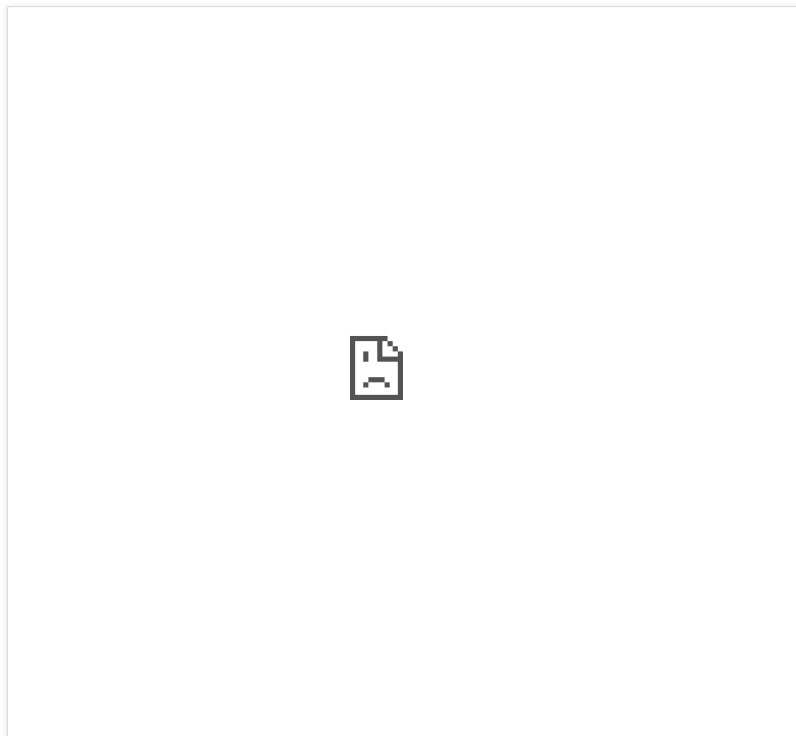

You even met Dan in Yuanshan. Do you recognize him here?:

https://www.godlikeproductions.com/forum1/message5314009/pg1

1/12

I had someone else come up to me in June 2021, and tell me to shoot myself, with his face all twisted with anger.

Very sorry you are having a difficult time. Bicarbonate of soda, and chancapiedra tea, are very good for the kidneys.

So... to reiterate... **the stalling is entirely coming from your side.** Long emails, counter-questions, gaslighting. Im used to it.

An innocent person would just shrug, give me the benefit of the doubt, and sign the form.

Alright.

That is all for now.

Understand Im keeping the tone calm. Can happily resolve this on emails at your own pace.

Best Wishes,

[Daozen]

Entirely on you that this is going public.

This was never about hope and joy anyway. It's just a dumb experiment in psychological abuse.

I just want to put this on record, and deny Kriss Kross and Stephen the opportunity to say "We're giving him a perfect life" because it wasn't.

All I remember is those f**kers screaming at me, blanking me, talking down to me. Sure, there were some good moments, but it was just anger and arguments most of the time. They acted perfectly fine to outsiders.

My Dad even tore into me for playing a guitar practice neck while he was talking to my friend in Taipei. Apparently that was disrespectful.

~O~

You know those families where they say "Well, we didn't have much, but we had each other, and we had love."

Our House it was the opposite.

Outwardly comfortable, freezer full of chicken burgers, comfortable bed.

But emotionally cold, most of the time.

You know that Kurt Cobain line where he said "*I tried hard to have a Father, but instead I had a Dad.*"

For me, **it was the opposite.**

Re: "Mum" has refused to sign an affidavit denying knowledge of the livestreaming industry for two months now...

I know I probably sound like a whiner, because many of you were actually sexually and physically abused by your parents, and sent to those Nephilim schools.

So, yeah, I probably got off very lightly compared to you all.

Just know that this experiment is NOT about Hope and Joy. It's a cynical livestreamed emotional abuse environment.

They knew exactly what they were doing, it went on for years at a time, and was probably coordinated from Shepperton Studios, or wherever.

They probably don't show this stuff to the public...

Anyway... f**k it.

Remember, I spent 18 months trying to get mediation, and close to nothing, cept for Saul on Saturdays.

Kriss Kross, catamite all-star, even had the temerity to post a video called "Dust", when I dared ask for compensation and mediation the other day.

WTF is up with you guys?

Anyway... lets just keep upping the ante, and see who wins.

Re: "Mum" has refused to sign an affidavit denying knowledge of the livestreaming industry for two months now...

Kriss Kross has that "I can talk my way out of anything" vibe about him, right?

He only started acting nice when I pursued legal action.

They have this way that they wheedle you to stop things like that in the back office, then you let it go in the stage world.

After I stopped the legal action, he ceased informal mediation and assistance, and I was told, a few months later "You have no proof".

As if you morans don't know that I can stitch you the f**k up with affidavits and liens.

I let the liens drop out of GOODWILL. And like typical loosh hungry narcs, you go back to being abusive tards.

I have no problem doing the mission in the stage world if I get better treatment.

I get told I'm "behind schedule". That's cos I have to do every damn thing myself.

Anyway, the helpful perosn I met recently could solve everything.

Im aware that many of you's hand are tied by "Ultra" as KK referred to them as. What winds me up is the giggling and disrespect. Ur dealing with a Leo/Scorpio here, so mind your manners.

I have very little to lose now.

Anyway. Soldier on...

Life is actually a whole lot better now.

Very grateful and happy to be alive.

You can file these posts under venting.

I also want to blow the whistle, and tell people this is NOT about making a movie. It's darker and deeper than that. Severance shows it pretty well.

What kind of movie is it if the cast hate you when you go off script?

What kind of movie is it where anyone who figures out too much gets quarantined. lol.

Anyway... Im meeting a lot of people recently.

Just want to warn people that while a Severance chip might technically be interesting short term, if the people managing the project are unethical, you are f**ked.

I just got a long, black-belt gaslighting mail from Dad. Im sorry he's in the middle of this...

And Im seriously sorry I have to do this attrition business when my parents are having a hard time.

But Im going to do it, cos you leave me no choice.

There's a good chance my mother could pass away in the stand off. but would that even be real? Or AMC just yanking her onto another project. haha.

She talked to me so deeply contemptuously the last phone call. I ain't even mad. I just have no real need to talk with her...

She's like Nurse Ratched on steroids when she wants to get you to do something.

Anyway...

rant mainly over.

Re: "Mum" has refused to sign an affidavit denying knowledge of the livestreaming industry for two months now...

daozen,

You have already demonstrated your parents "complicity" in the matters at hand...why do you continue to beat the drum and expect a different tone?

Parents,

It has come to my attention that one or both of you may be withholding information that you have a DUTY to disclose under multiple ecclesiastical and secular laws. To wit, that you have created a false life narrative with the specific intent of distorting my world-view and taking advantage of the "blind faith" children accord their parents teachings.

At this point, you have expressed your reticence towards signing my affidavit of fact, although you have not provided a reasonable explanation for doing so. If the facts as I have laid out are false, it will require no more than a minute or two to review and sign and resolve the issue entirely to my satisfaction.

If you refuse to sign, I will have no further communication with either of you unless and until you elect to do so. Further, you are hereby NOTICED that you have been assessed a fee of \$100 USD/day for each day going forward which you refuse to sign. If you wait a month, I will not have any conversation during that month and, further, after signing you will then be required to pay \$3,000 to clear the penalty.

I'm done fucking around with this. Either sign and forward the appropriate financial penalty or never speak to me again.

Why did I start this thread?

Hopefully it embarrasses AMC into mediation.

I cannot see Kriss Cross greasing his way out of this. The DMan's charm has worn thin too. But I'll bite my tongue on him, as he may be making efforts to fix things from his side.

I know they are unpopular in the backstage world. Lino said Steve "had many enemies". And he'd be arrested soon.

Can somebody arrest, or get rid of these people please? Or force them to send a mediator with more powers than Saul? He's been good, but I need something more concrete.

At some point the damn will burst.

Daozen.

Daozen appears to be mentally impaired, but harmless.

Re: "Mum" has refused to sign an affidavit denying knowledge of the livestreaming industry for two months now...

I think his mom is Hot!

Just saying...

Daozen, how open minded do you think she is?

I mean if she was open minded enough to allow your life to be screened to the world like Truman she should be open minded enough to "have a night for herself" if you know what I mean.

Just asking...for a friend.

Most amusing...

I dunno.

How much money did she make off me?

I heard it was considerable.

If she even treated me respectfully it would be fine. But they crafted the most idiotic narrative.
