Think of Most People as Respected Sprites, or Defective Androids

If you were walking round Westworld, and you knew the hosts were set to "slightly passive-aggressive" would you care anymore?

Im sure, if we believe enough, we can slip into a better timeline...

Slowly slowly...

Perhaps that timeline does not want you, Doozle.

What do you bring to their table, if anything?

Dominant frame, eh, your Lordship?

Now watch me running around jumping through your hoops to prove myself.

Im aware there are some heavens that don't want me.

Others do.

There has been more than one attempt to get me out of here these last two years.

No...I'm not going to think of people as respected carbonated beverages, or Defective Altoids.

You pretty much stamped your Black Signet Ring on **The Great Separation**, Your Lordship.

Actually, I let people track me out of generosity and goodwill... not stupidity.

If we don't log onto GLP three times a day, or give permission to KK etc, can you track us as well as you think you can?

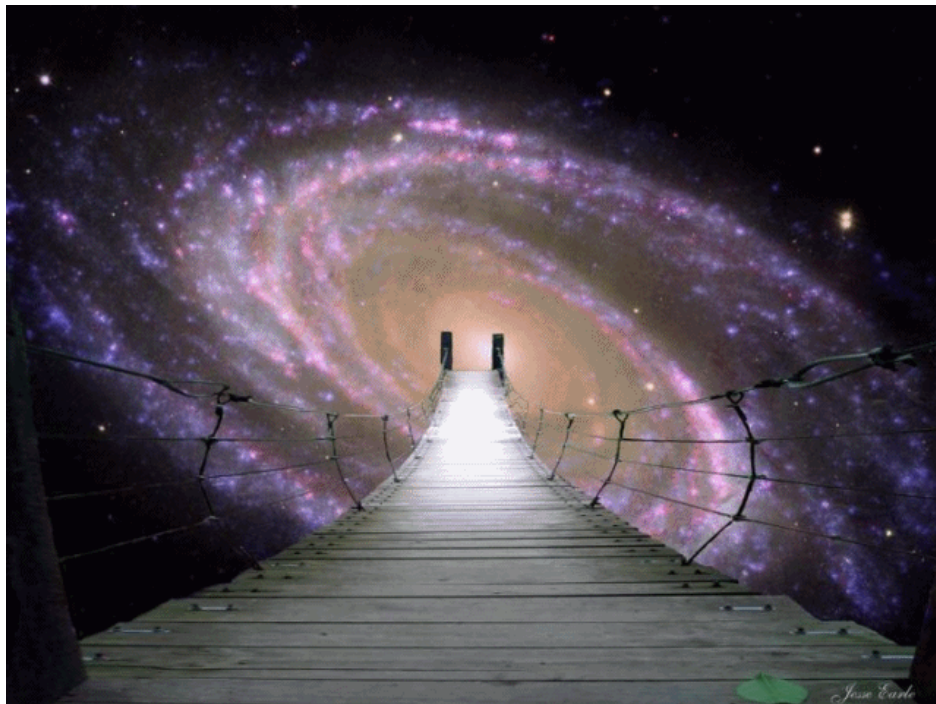

I have done my best, blind and stumbling, to bring a situation that would be amenable to everyone. I don't appreciate having that thrown back in my face again, again and again.

To the AI...

Let the Great Separation continue.
