Most guys who gently criticize women are called HUSBANDS.

I was thinking about what a friend had said. I was hoping it was a lie.

They are the weaker vessel and easier to trick. Reason why so many of them gets into the escorting businesses and the likes.

Female nature is obnoxious. If you give them too much attention they flee. The games aren't worth it for companionship. Too much push/pull, too much drama, too many games... and if she's getting bored she will talk with other men even if she's married. Pretty soon you never hear from her.

No loyalty, its all about novelty and tingles. Single, present moment focused is more peaceful. Cultivate self mastery instead of chasing feelings.

Re: Is every guy who gently criticizes women a bitter incel?

Hardly.

Women want to be viewed as perfect, not out of any desire to please another, but out of pure ego.

Chad knows this, and how to work it to his advantage.

"That blow job was next to perfect, babydoll. Next time could you work the tip a little more before each plunge? I would love that."

No shit, men who bitch about women are "toxic masculinity" but women are

railing on men all the time.

Men have feelings too. If men are polite to women and funny too, they get laid. Even the geeky ones CAN get laid, but yeah "it's gonna take a moneeeey, a whole lotta spendin money..."

I'm sorry, I don't date Canadians. Personal rule. But you seem charming. Have you been to Banff?

And I hATe George harrison's later work. That man is so *cloying*.

But I noticed that thing about not being able to criticise women. I figure its the Dragon Queens behind it, as usual.

Don't even chase feelings. Nice one.

As a Leo, I am partially ruled by feelings, and I don't like it.

i) Walk away from too much materialism. That's easy.

ii) Walk away from too much sensuality. Harder.

Is every guy who gently criticizes women a bitter incel?

iii) Walk away from feelings themselves. Difficult.

But thanks for showing me the path.

Pretty true.

Now remember that men are the holders of a VERY POWERFUL testosterone/Spice energy...

Women realize, around 15, with all the attention they get, that they themselves are A Prize.

Men do not see themselves as living carriers of value.

Both genders are Sovereign Spice Producers.

They say spice is the most addictive drug in the universe.

But we, especially men, give it out for free, and are thus not valued.

Pretty much as long as you recognize that most cells would slam the door in the face of most of these whores masquerading around as people.

When you erase whores from the dating pool...the pool only has high grade women left in it and those are difficult to get.

You wrote the most insightful post ever the other day. I have it saved. Summed up an entire timeline, and saved me 5 years.

Now you wrote the dumbest!

Beautiful.

Now who built the gutters, pipers, laptop, HTML and cables for you to say that? Starting from copper wire and LCD screens, there are 20-30 technologies alone, for that forum post.

I'll give you two guesses.
