#### You cannot even begin to imagine what's being depicted in L. Carroll's Alice In Wonderland

Ok, I am not going to tell you. Not because only a few will realize **what the book is actually saying**, but because once you see it, once that lightbulb inside your head switches on, and you're left speechless with awe, you'll see why it's better to experience it first hand.

Best wishes...

A French philosopher named Deleuze has this rather long work on AIW, look it up it's called the Logic of Sense (French: Logique du sens), amazing stuff.

I watched a documentary on Carroll.

He was a sick pedo who should not be celebrated.

no need to beg

Keep in mind, OP.. some people just aren't wired to think/process things in the same ways that others do; and that doesn't take away from the fact that they really need to know about the world.  
So one could smack a person upside the head with the same book or art-piece for decades and they may never "get it" the way the author "intended".. just a little food for thought.

The no wanking for lent challenge

Okay

It's lent again, so I am making this no fap for lent challenge thread.

Give it 5 stars if your gonna try & make it.

Give it 1 star for an immediate fail.

Let's do this together ... diversity is our strength!
