Mods are too retarded to solve the GLP double posting problem. 2 lines of Javascript could fix it.

Mods are too retarded to solve the GLP double posting problem. 2 lines of Javascript could fix it.

It's like, 2-3 lines of Jquery or Vanilla Javascript.

If we researched it, would you implement it?

Every damn post gets doubled.

Doesn't Chip fancy himself as some kind of command line hacker bad boy?

Ar you going to be men, and leave this discussion up?

Or delete it like pansies?

Who, Chip?

Yes, he's given me a drubbing many a time.

Funny guy.

He destroyed me in the Linux Helpdesk thread.

I just want them remove the quote button from the original post. It's totally unnecessary to requote the OP.

You want me to manifest spaceships?

They were trying to get me to do that in Anomaly evolving.

Its at the limits of my belief circuits, but could technically be done.

Brock, another Special Needs kid, said there would be spaceships.

Who am I to argue with The Brock?

The double-posts make me looks ~even more~ self-absorbed and narcissistic than I already am.

Of course I'd google it.

80% of modern programming is Investigoogling...
